Whereas, Airline is engaged in the business of transporting persons, property, cargo and mail, or one or more thereof, by aircraft (hereinafter referred to as "air transportation") and desires to obtain certain rights and privileges with respect to the Airport, upon the terms and conditions herein after provided; and

Whereas, City is willing to grant Airline such rights and privileges upon the terms and conditions hereinafter provided; and

Whereas, contemporaneously with the execution hereof, City and Airline have, among other things, entered into a Lease Agreement covering the use by Airline of certain space and facilities in and adjoining the passenger terminal facilities at the Airport;

Now, therefore, for and in consideration of the premises (which are incorporated into the body of this Agreement as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained and other valuable considerations, City does hereby grant unto Airline, and Airline does hereby hire and take from City, rights and privileges hereinafter described in connection with and upon the Airport.

Article I

Airline shall have the right and privilege to operate at the Airport an air transportation system, which right and privilege shall, subject to rules and regulations promulgated by City in accordance with Article VIII hereof and to the payment of fees and charges hereinafter provided, include the use, in common with others authorized by City so to use, of the following areas and facilities now or hereafter provided at or adjacent to the Airport and available for common use:

Such use by Airline includes the exercise of any and all of the following rights, subject to rules and regulations promulgated by City in accordance with Article VIII hereof:

(a) the right to land, take-off and fly aircraft operated by Airline, except between 2300 hours and 600 hours and to move such aircraft;

(b) the right on the passenger and cargo ramp areas as designated from time to time by City as available for common use, to load and unload persons, property, cargo and mail upon or from aircraft operated by it or any other scheduled air transportation company, by such means as may be reasonably necessary or convenient; provided, however, that Airline may not load or unload exclusive freight or cargo flights on the passenger ramp areas adjacent to the passenger terminal facilities at the Airport, and City agrees that it will not permit any other aircraft operator to load or unload exclusive cargo or freight flights on such passenger ramp areas;

(c) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to service aircraft and other equipment operated by Airline or by any other scheduled air transportation company, with gasoline, oil, greases, lubricants and other fuel or propellant, and with foods and beverages and other supplies and materials, by such means as may be reasonably necessary or proper;

(d) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to repair, condition, maintain, test and park aircraft and other equipment operated by Airline or by any other scheduled air transportation company; provided, however, such repair, conditioning, maintenance and testing shall be limited to those activities at the time commonly considered routine ramp servicing (which term shall include the activities referred to in subparagraph (c) above); and provided further, parking of aircraft on such areas may be limited as provided in Article III hereof;

(e) the right to park aircraft on aircraft parking areas designated from time to time by City as available for common use; provided, however, parking of aircraft on such areas may be limited, as provided in Article III hereof;

(g) the right to sell, dispose of or exchange its aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, other equipment or supplies, and any articles or goods used by or acquired for use by Airline in connection with its conduct of air transportation; provided, however, that Airline shall not sell, dispose of or exchange any such items to others than its employees or scheduled air transportation operators, unless such items represent surplus items at the time no longer reasonably necessary in connection with the conduct by Airline of its air transportation business; and provided further, that Airline shall not sell, dispose of or exchange gasoline, oil, greases, lubricants, fuel or propellants, except to a subsidiary or affiliated company or to other scheduled air transportation companies;

(h) the right to operate and maintain such mobile communications equipment as may be reasonably necessary or convenient for its operations; provided, the exercise of such right does not interfere with the City's operation of the Airport for the benefit of all aircraft using the Airport;

(i) the right to purchase or otherwise obtain and use personal property of any nature including aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, food, beverages, other equipment and supplies and any articles or goods reasonably necessary or convenient for its operations from any supplier of its choice; and

(j) the right to conduct operations or activities other than those enumerated in subparagraphs (a) to (i), inclusive, of this paragraph, reasonably related to the landing, take-off, flying, movement, loading, unloading or ramp servicing of aircraft, which are reasonably necessary or convenient to the conduct by it of air transportation; provided, however, that all such operations and activities shall be subject to the approval of the Commissioner of Aviation, provided further, the exercise of such right does not interfere with City's operation of the Airport for the benefit of all aircraft using the Airport.

Provided, however, that the rights conferred under this Article I shall not be construed to authorize the conduct by Airline of any business separate from its operation of an air transportation system; and further provided, that the rights conferred under this Article I may be exercised by Airline alone or in conjunction with any other Airline Parties, directly or through another designated by it or them, excepting that the rights conferred by subparagraph (c) above to service aircraft and other equipment with gasoline, oil, greases, lubricants and other fuel or propellant may be exercised by Airline in conjunction with any other Airline Parties, either directly or through another designated by them, only with respect to aircraft and other equipment operated by Airline Parties.

Airline shall have the right and privilege to install and maintain and operate at such location on the Airport as may be approved by the Commissioner of Aviation, communication, meteorological and aerial navigation equipment and facilities as may be reasonably necessary or convenient to the conduct by it of air transportation, provided the exercise of such right and privilege does not interfere with City's operation of Airport for the benefit of all aircraft using the Airport.

Subject to rules and regulations promulgated by City in accordance with Article VII hereof, Airline shall have the right and privilege over the Airport of ingress to and egress from (but not any other use of, except as authorized in this Agreement or in any other agreement between City and Airline) the areas and facilities described in this Article I for its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, its or their equipment, vehicles, machinery and other property and except as in this Agreement or in any other agreement between City and Airline otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service for such right of ingress and egress, or for the privilege of purchasing, selling or using any materials or services purchased or otherwise obtained by Airline, as provided in subparagraphs (g) and (i) of this Section, or transporting, loading or handling persons, property, cargo or mail in connection with Airline's business or exercising any right or priv-

ilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of public automobile parking areas, sightseeing facilities or ground transportation to and from the Airport or preclude City from imposing any tax or permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

This grant is not to be construed as a lease of any space in any passenger terminal building, any adjacent ramp area lease by City to any air transportation company or other person, firm or corporation, any hangar, any air cargo building, any fueling system or any other building constructed or to be constructed by City at the Airport. Any ramp area at the Airport leased by City to one or more air transportation companies, persons, firms or corporations shall not be considered to be a public ramp area or a ramp area available for common use.

Article II

In connection with each fee landing at the Airport of each aircraft operated by it, Airline shall pay to City a fee of Twenty-five Cents (25¢) per 1000 pounds or fraction thereof of approved maximum landing weight per landing. The approved maximum landing weight of any aircraft shall mean the maximum landing weight approved by the Federal Aviation Administration for landing such aircraft at the Airport.

Each separate landing at the Airport of an aircraft (whether in connection with a revenue or a non-revenue flight) operated by Airline or others, shall be a "fee landing", except that a "fee landing" shall not include the following:

(d) any landing of aircraft operated by the United States Government or the Illinois National Guard to the extent that under the terms and conditions of assurances pursuant to the Federal Airport Act, or any other prior or future Acts of Congress or of the General Assembly of the State of Illinois that may provide for Grants in Aid of airport development, such landing is to be without charge; or

(e) any landing at the Airport of helicopter aircraft operated in local service between the Airport and any point within a radius of fifty (50) miles from the Airport.

Section 2.02. Flight Fee rate for others. City covenants that during the term of this Agreement, it shall charge and assess landing fees on all other users of its Airport in an amount not less than provided in Section 2.01 hereof, provided further, however, that in no event shall such fee be less than $2.50 per landing.

City shall operate the Airport in a manner so as to produce, subject to the provisions of this Agreement, revenues from the Airport of a nature and amount which would be produced by a reasonably prudent operator of an airport.

In the event any operator selected by City for the purpose of providing transportation service to and from the Airport of passengers and their baggage shall not furnish such transportation in a satisfactory and efficient manner, City shall, upon request of the Airlines Representative, use its best efforts to correct such situation, including, if required, the selection of another operator if City has authority to do so under the terms of the applicable concession agreement, to the end that such transportation service is performed in a satisfactory and efficient manner.

Article VIII

Airline shall observe and obey all rules and regulations governing the conduct and operation of the Airport, promulgated from time to time by City, which are reasonably required for the prudent and efficient operation of the Airport and are not inconsistent with the reasonable exercise by Airline of any right or privilege granted to it hereunder or under any other agreement between Airline and City relating to the Airport or any part thereof, nor inconsistent with safety nor with the rules and regulations of any Federal or State agency having jurisdiction with respect thereto, nor inconsistent with the procedures prescribed or approved from time to time by the Federal Aviation Administration or any other governmental authority having jurisdiction over flight operations at the Airport.

City shall keep Airline supplied with five (5) sets of City's current Airport rules and regulations applicable to Airline. Except in cases of emergency, no such rule or regulation shall be applicable to Airline unless it has been given fifteen (15) days notice of the adoption thereof.

City, however, shall have no control over the rates, fares or charges that Airline may prescribe in connection with its conduct of an air transportation business.

Article IX

Nothing contained herein shall impair the right of City in the exercise of its governmental functions to require Airline to pay any tax or inspection fees or to procure necessary permits or licenses, provided such requirement is not inconsistent with the rights and privileges granted to Airline hereunder.

Nothing contained herein shall be deemed to be the grant of any franchise, license, permit or consent to Airline to operate motor coaches, buses, taxicabs or other vehicles carrying passengers or property for hire or other consideration over the public ways to and from the Airport.

The Commissioner of Aviation shall give due consideration to any suggestions made by such Representative, or any persons designated by him, with respect to such proposed concession arrangement.

City agrees that it will not, during the term of this Agreement, either lease or otherwise permit the use of any space, area or facility in any terminal building or otherwise upon the Airport, by way of a concession or otherwise, to any individual, partnership or corporation engaged in business as a travel agent or travel bureau for the purpose of selling, furnishing or delivering tickets available from any Airline Party for transportation by air.

(l) the maintenance and operation of demised hangar buildings, facilities and equipment and the carrying on of activities reasonably necessary or convenient in connection with the foregoing;

provided, however, that the foregoing shall not permit the conduct by Airline of any business separate from its operation of an air transportation system; and further provided, that the rights conferred under this Article I may be exercised by Airline alone or in conjunction with other Airline Parties, directly or through another designated by it or them, excepting that the rights conferred by subparagraph (c) above to service aircraft and other equipment with gasoline, oil, greases, lubricants, and other fuel or propellant may be exercised by Airline in conjunction with other Airline Parties, either directly or through another designated by them, only with respect to aircraft and other equipment operated by Airline Parties.

Section 1.03—Ingress and Egress—Subject to rules and regulations promulgated by City, Airline shall have the right and privilege over the Airport of ingress to and egress from the demised premises for its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, and its or their aircraft, equipment, vehicles, machinery and other property. Except as herein otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, for such right of ingress and egress, or for the privilege of purchasing, selling or using any materials or services purchased or otherwise obtained by Airline, or transporting, loading, unloading or handling persons, property, cargo, or mail in connection with Airline's business or exercising any right or privilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of public automobile parking areas, sightseeing facilities or ground transportation to or from the Airport furnished by City or its concessionaires, or preclude City from imposing any tax, permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

Section 1.04—Conduct of Operations for other Airline Parties. The demised premises may also be used by Airline from time to time on behalf of or in conjunction with any other Airline Party or Parties in connection with the conduct of air transportation by such other Airline Party or Parties, to the same extent as Airline is entitled to use the demised premises on its own behalf in connection with its conduct of air transportation, and in such case the rights and privileges granted hereunder to Airline, its employees, agents, passengers, guests, patrons and invitees, and its or their suppliers of materials and furnishers of service shall, to the same extent, be granted to such other Airline Party's or Parties' employees, agents, passengers, guests, patrons and invitees, and its or their suppliers of materials and furnishers of service; provided, however, no such use shall be permitted, without the consent of the Commissioner of Aviation, if such use involves payment to Airline by any such other Airline Party of an amount greater than Airline's estimated expenses with respect to the space, facilities and services used by or furnished to such other Airline Party.

Airline shall not sublease any part or parcel of the demised premises or permit the use or occupancy of any part or parcel of the demised premises (except by other "Airport Use Agreement Parties" as set forth herein) except upon the prior written approval of, and subject to such other terms and conditions as may be imposed by the Commissioner of Aviation and the City Council, in each instance.

Article II

The initial term of this lease shall be for a period commencing on ....., the date of approval of authorizing ordinance by the City Council, and terminating on December 31, 1980. Airline shall have an option to renew this lease for an additional eight (8) years by a written declaration of its intention so to renew, delivered to the Commissioner of Aviation six (6) months in advance of the initial termination date, provided the City has at that time a valid lease or other equally binding claim under the law to the land upon which Chicago-Midway Airport is located, extending the term at least through December 31, 1988, upon approval by the City Council of the City of Chicago.

Article III

Airline shall, on or before the first day of each calendar month during the term hereof, pay to City, at the office of the City Comptroller of City, a monthly rental of Two Thousand Five Hundred Forty-Two and No/100 Dollars ($2,542.00).

Notwithstanding the foregoing, if any rental commences otherwise than as of the first day of any month or terminates prior to the last day of any month, rental for such month shall be determined on a pro rata basis according to the number of days of such month involved, and any required payment or refund for such month shall be made as promptly as practicable.

Airline shall pay, in addition to the rents above specified, all water rates, taxes and assessments, general and special, lawfully levied or assessed upon the demised premises, or any part thereof, or upon any buildings or improvements at any time situated thereon, or lawfully levied or assessed upon the lease-hold interest created hereby, during the term of this lease.

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in the amount of Sixteen Thousand and No/100 Dollars ($16,000.00), in a form approved by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

Article IV

Section 4.01—Construction, Maintenance and Repair by Airline. Airline may construct or install on the demised premises, at its own expense, any buildings, improvements (including pavements), facilities and equipment, and any additions thereto, reasonably necessary or convenient in connection with any use, permitted under the provisions of this Lease, by Airline of the demised premises. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation and the Commissioner of Public Works prior to the commencement of construction or installation. Any advertising signs installed by Airline shall be limited to those which advertise air transportation, and the number, general type, size, design and location of such signs shall be subject to the approval of the Commissioner of Aviation.

Airline shall keep and maintain all buildings, improvements and facilities and additions thereto constructed or installed by it on the demised premises in good condition and repair, reasonable wear and tear excepted. No restrictions shall be placed on Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such buildings, improvements, facilities and additions.

Notwithstanding the foregoing, Airline shall keep the demised premises and all construction and installations made thereon by Airline in a sanitary and sightly condition, and shall comply with all health and safety requirements applicable thereto.

All construction or installation by Airline, pursuant to any right granted to it hereunder, which is made on any area outside the demised premises shall be made, kept and maintained by Airline in the same manner and under the same conditions as construction or installation by Airline on the demised premises.

Section 4.02—Lighting. Airline shall illuminate the apron in front of each hangar building on the demised premises with flood lights and shall place and maintain at all times red obstruction lights on the highest point and on each corner of each building on the demised premises and on the highest point of each smoke stack, pole, aerial and antenna on the demised premises. The obstruction light fixtures shall be of a dual type and the lights shall be kept burning at Airline's expense from dusk to dawn and during periods of restricted visibility

Section 4.03—Covenant Against Liens. Airline shall keep the demised premises and the buildings, improvements and facilities constructed thereon by Airline free and clear of any all liens in any way arising out of the construction, improvement or use thereof by Airline, provided, however, that Airline may in good faith contest the validity of any lien.

Section 4.04—Performance by City upon Failure of Airline to Maintain. In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article IV to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after the giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of such performance.

Section 4.05—Rehabilitation of Facilties. As additional consideration, Airline agrees that it shall promptly undertake, at its own expense, those capital improvements and repairs needed to rehabilitate the demised premises, at a minimum total cost of One Million One Hundred Thousand Dollars ($1,100,000) in 1978. Such rehabilitation program shall include those improvements and repairs that Airline and City Representatives agree are reasonably necessary to restore the demised premises to a good overall operating level. Such rehabilitation program must be completed within the first five (5) years of the term of this lease, with at least one-fifth (1/5) of the total minimum rehabilitation cost to be expended in each of these years. Airline agrees to submit to the Commissioner of Aviation at the end of each of the first (5) years of this lease, or until the Airline has spent the total minimum amount specified for the total rehabilitation program, proof in the form of paid invoices covering the agreed upon improvements and repairs that the expenditure levels agreed to herein have been made.

Section 4.06—Access by City. Airline shall allow City, its officers, agents or employees, free access to the demised premises for the purpose of examining the same to ascertain if Airline is performing its obligations hereunder with respect thereto.

Section 4.07—Equal Opportunity. Airline agrees that in performing under this agreement and other agreements with City it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex, age, or national origin, nor otherwise commit an unfair employment practice. Airline further agrees that this article will be incorporated by Airline in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement. Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR p. 567, 1966; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill Rev. Stat. 1973, CH. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1973, CH. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1973, CH. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1973, CH. 48, Secs. 881 to 887 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings (Muncipal Code of the City of Chicago, CH. 198.7A); and the provisions of 41 CFR Chapter 60, and Part 21, Regulations of the Office of the Secretary of Transportation.

To demonstrate compliance Airline and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

Article V

Section 5.01—Maintenance and Operation. City shall operate and maintain, in all respects in a manner consistent with that of a reasonably prudent operator of an airport and keep in good condition and repair (including the removal of snow, vegetation, stones and other foreign matter as reasonably as may be done) all facilities and equipment now or hereafter provided by City, at or in connection with or serving the demised premises.

Section 5.02—Quiet Enjoyment. City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the quiet possession and enjoyment of the premises, rights and privileges leased to it hereunder, subject, however, to the provisions hereof.

Section 5.03—Performance by Airline upon failure of City to Maintain and Operate. In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required to be performed by City, Airline may perform such obligation of City and deduct the cost to Airline of such performance from any amounts due hereunder or otherwise from Airline to City; provided, however, that if City's failure to perform any such obligation endangers the safety of Airline's operations at the Airport and Airline so states in its notice to City, Airline may perform such obligation of City at any time after the giving of such notice and deduct, as aforesaid, its cost of such performance. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation by it of the Airport or any facilities now or hereafter connected therewith.

Article VI

Airline agrees to indemnify City and keep in force insurance insuring Airline and City as provided in Article X of the Airport Use Agreement.

Airline shall, at its own expense, keep in force insurance upon buildings and improvements which are of a character customarily insured and which are at any time located on the demised premises or constructed or installed by Airline, pursuant to any right granted to it hereunder, on any area off the demised premises. Such insurance shall (a) be issued by a company or companies of sound and adequate financial responsibility, (b) name City and Airline as assureds thereunder as their respective interests may appear, (c) be in an amount equal to ninety percent (90%) of the insurable value of such buildings and improvements, and (d) cover such hazards as are insured against by fire and extended coverage insurance of the character customarily in force at the time in the area of Chicago, Illinois, upon buildings and improvements of similar character, and such other hazards as would normally be insured against under similar circumstances by a reasonably prudent owner of such buildings and improvements. Airline shall furnish to City certificates evidencing such insurance.

Should any building or improvement located on the demised premises or constructed or installed by Airline, pursuant to any right granted to it hereunder, on any area off the demised premises, be damaged or destroyed and any insurance pro-

ceeds are payable by reason thereof, Airline shall, with due diligence, use such insurance proceeds for the repair of such damage or destruction in conformity, insofar as practicable, with the original plans and specifications of such damaged or destroyed building or improvement, subject to any modifications of such plans and specifications agreed to by the Commissioner of Aviation and the Commissioner of Public Works and Airline, it being understood, however, that Airline shall not be required to expend for such repair an amount in excess of such insurance proceeds paid. In the event the damage or destruction is not capable of being repaired within 120 days after the date thereof, either because of insufficiency of such insurance proceeds or otherwise, Airline may, by notice to City given within 60 days after such damage or destruction, elect not to repair the same and in such event, Airline shall cause such building or improvement to be demolished to the ground level and the debris removed, using any insurance proceeds for such purpose. Any insurance proceeds shall be made available to Airline for such repair or such demolition and removal. Any balance of such insurance proceeds, remaining after such repair or demolition and removal, shall be divided between City and Airline, and shall be made available to them, as their respective interests may appear. In the event Airline shall, in accordance with the foregoing provisions, give notice to City of Airline's election not to repair any damage or destruction not capable of being repaired as aforesaid, then Airline may at the same time and by further notice to City elect to terminate this Lease on the date of giving of such notice, which termination, however, shall not affect the rights and obligations of the City and Airline under this paragraph.

Article VII

The following Articles of the Airport Use Agreement are hereby incorporated into this Agreement and made a part hereof, and shall be applicable to the rights and privileges granted and to the premises demised to Airline by City under this Lease: Articles VIII, IX, X, XI, XII, XIII, XIV, XV, and XVI.

The Tenant shall not, without prior approval of Landlord, assign or transfer this agreement, nor any share, part or interest therein, nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor unless otherwise expressly provided herein.

If Tenant is a corporation and if the control thereof changes at any time during the term thereof then Landlord may, at its option, declare such change a breach of this agreement.

It is mutually understood and agreed that nothing contained in this agreement is intended, or shall be construed, as in any wise creating or establishing the relationship of copartners or joint venturers between the parties hereto or as constituting the Tenant as the agent or representative of the Landlord for any purpose or in any manner whatsoever.

Article III

In connection therewith Commissioner may require submission of proposed designs, floor plans, construction plans, specifications and contract documents therefor and, if then approved, may incorporate all or part thereof within this agreement as attachments thereto.

Article V

Tenant, at the expense of Tenant, shall keep the premises in a safe, sanitary and sightly condition and good repair and shall yield the same back to Landlord upon the termination of this agreement in such condition and repair, ordinary wear and tear excepted, and if said premises shall not be so kept by Tenant, Landlord may enter the premises (without such entering causing or constituting a termination of the privilege or an interference with the possession of said premises by Tenant) and do all things necessary to restore said premises to the condition herein required, charging the cost and expense thereof to Tenant and Tenant agrees to pay Landlord, in addition to the rent and charges hereby reserved, all such costs and expenses.

Article VI

Indemnity

Tenant covenants and agrees to keep said premises and improvements situated thereat free and clear of any and all liens in any way arising out of use thereof by Tenant.

In addition to the rent and charges hereinafter outlined, Tenant shall pay all fees, charges, license fees and taxes of whatever nature, if necessary, as required by law or ordinance of the City of Chicago.

Tenant shall assume all risks incident to or in connection with the business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Landlord, Tenant, or any of their agents or employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

Tenant, at the expense of Tenant, shall keep in force, during the term of this agreement, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by the Comptroller of the City of Chicago (hereinafter called "Comptroller") for the protection of Landlord and/or Tenant. Insurance requirements hereunder shall be subject to the sole determination of the Comptroller.

Said insurance may include, but need not be limited to, insurance coverages commonly known as, or similar in kind to, Public Liability, Products Liability, Property Damage, Loss of Rents, Fire and Extended Coverage, Workmen's Compensation, Scaffolding Act, and such other insurance coverage as deemed required in the sole determination of the Comptroller. All policies or endorsements thereto shall in all cases where possible name Landlord as co-insured thereunder.

Upon approval by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto to the Comptroller for incorporation within this agreement as attachment thereto. In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of Article VI of this agreement.

Article VIII

Damage to, or
Destruction of Premises

In the event the premises or the building of which the premises are a part shall be damaged or destroyed by fire or other casualty, the same may be promptly repaired or rebuilt by Landlord at its expense as soon as funds are available but Landlord shall not be obligated to repair, rebuild, restore or replace any fixtures, equipment, displays or other property installed by Tenant pursuant to this agreement.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

Article IX

Access, Ingress, Egress and Inspection
Mode of Operation and Personnel

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with the further provisions of this agreement and any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

Operations to be conducted by the Tenant under this agreement shall be done at the sole expense of the Tenant and shall be subject to general inspection by the Landlord to insure a continuing quality of services commensurate with the standards provided for in this agreement and to such other provisions of related agreements as may be pertinent as entered into between Landlord and others governing the use of and operations at the Airport, and shall be further subject in the case of operations at Chicago-O'Hare International Airport, to the provisions of paragraph 4, Article XI of that certain agreement entitled "Airport Use Agreement" and the further provisions, including the right of cancellation of Section 6.04, Article VI of that certain agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent as entered into between the City and the Scheduled Airlines governing use and operation of Chicago-O'Hare International Airport.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Airport who shall be objectionable to the Commissioner and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Commissioner.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from Airport.

Article X

Non Recording

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of the Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

Default
Confession of Judgment

If Tenant shall vacate or abandon the premises, or any part thereof, or permit the same to remain vacant or unoccupied, or in the case of the nonpayment of the rent and charges reserved hereby or any part thereof or of the breach of any covenant contained in this agreement, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate.

Upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof.

Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise contained in said agreement, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement.

The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except and express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default to be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State attorney for it and, in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof.

Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraphs hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises.

In making any such revision, the Council may presume the average length of a trip to be as established by current records of the licensees.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor be, and she is hereby authorized and directed to execute, the City Clerk to attest, the Commissioners of Streets and Sanitation, Water and Sewers, and Public Works, to approve, upon the approval by the Corporation Counsel, as to form and legality, the following Easement Agreement, granting a pedestrian walkway over North Columbus Drive, as legally described in said Easement Agreement for the purpose of a pedestrian right of way.

SECTION 2. Said Easement Agreement is substantially in the following form attached hereto and made a part hereof.

SECTION 3. Said ordinance to be effective immediately upon the passage thereof.

[Easement Agreement attached to the foregoing ordinance reads as follows]:

Grant of Air Rights Easement.

This Indenture made this ..... day of ....., 1979 by the City of Chicago, a body politic and corporate;

WITNESSETH:

WHEREAS, The American National Bank and Trust Company of Chicago, as Trustee under Trust No. 41430 ("Owner of the East Tract"), is the owner of property described on Exhibit 1 attached hereto and hereby made a part hereof (the "East Tract") lying east of and adjoining Columbus Drive; and

WHEREAS, The Owner of the East Tract has heretofore entered into an Agreement (the "Bridge Agreement") with the American National Bank and Trust Company of Chicago, as Trustee under Trust Nos. 40844 and 41957, dated July 25, 1978 and recorded in the Recorder of Deed's Office of Cook County, Illinois on September 8, 1978 as Document No. 24619519, which provides for a pedestrian bridge spanning Columbus Drive to connect the East Tract with the property described on Exhibit 2 attached hereto and made a part hereof (the "West Tract") lying west of and adjoining Columbus Drive; and

WHEREAS, Said pedestrian bridge is permitted by Section 13 of the Amendatory Lake Front Ordinance passed by the City Council of the City of Chicago on September 17, 1969 (the "1969 Ordinance"); and

WHEREAS, The Commissioner of Public Works of the City of Chicago, upon review of the City Departments directly involved and affected, has approved said pedestrian bridge and the location thereof, as required by said Ordinance;

Now, therefore, in consideration of Ten and 00/100ths dollars ($10.00) and other valuable consideration, receipt of which is hereby acknowledged, the City of Chicago, a body politic and corporate, does hereby give and grant to the Owner of the East Tract, its successors and assigns, an easement of air rights for a pedestrian bridge at the following location:

an area 18 feet wide, extending 110 feet across North Columbus Drive, the center line of which extends from a point on the east line of North Columbus Drive which point is 184.843 feet, measured along said east line, north from the southwest corner of the East Tract, to a point on the west line of North Columbus Drive which point is 96.001 feet, measured along said west line, north from the intersection of said line with the south line extended east of the West Tract, and having upper planes below upper level North Columbus Drive, as such upper level is constructed pursuant to the 1969 Ordinance and lower planes having a minimum clearance of 14.50 feet above the intermediate level roadway of Columbus Drive, as such intermediate level is constructed pursuant to the 1969 Ordinance;

together with an easement to suspend said pedestrian bridge from the underside of said upper level Columbus Drive.

Said pedestrian bridge or any replacement thereof (the "Bridge") will be installed in accordance with the plans as heretofore approved by the Commissioner of Public Works of the City of Chicago.

The bridge shall be used solely as a pedestrian right of way. The Owner of the East Tract shall be solely responsible for the upkeep, maintenance and repair of the bridge. The structure constituting the bridge shall comply with all applicable building ordinances.

Subject to the right of the Owner of the East Tract to remove the bridge as provided in the Bridge Agreement, the easement herein granted shall continue in full force and effect so long as the bridge, including any replacement thereof, shall have a useful existence, provided the Owner of the East Tract shall indemnify, keep and save harmless the City against all injuries, death, loss, damages, claims, suits, judgments, costs and expenses which may in any way accrue against the City during the time said grantee continues to own the East Tract and arise in consequence of the construction, maintenance or use of the bridge, and each successor owner of the East Tract shall so indemnify the City against all such matters accruing during the time that such successor owns said property. If any judgment shall be rendered against the City for such matters, the Owner of the East Tract or its successor, as the case may be, shall, at its own expense, satisfy and discharge the same. The Owner of the East Tract during the time that it owns the East Tract or each successor owner during the time it owns said property shall provide general liability insurance in companies satisfactory to the City in amounts of not less than $500,000 for personal injuries and $200,000 for property damage, which insurance shall specifically list the City of Chicago as an additional insured to satisfy the requirements of this paragraph.

The City may remove and demolish the bridge if it is not so maintained or repaired or if the Owner of the East Tract or any successor owner, as the case may be, shall fail to carry such insurance, and the City shall be entitled to recover the total cost of such removal and demolition, upon demand, from the Owner of the East Tract or such successor so defaulting in its obligations hereunder; provided, however, that the City shall give written notice of such default to the Owner of the East Tract or then owners of the said property and permit the curing of such default within 180 days after giving such notice, such period to be extended by delay caused by matters outside the reasonable control of the defaulting party.

This Indenture is executed by the American National Bank and Trust Company of Chicago, not personally, but as Trustee aforesaid. All of the covenants and conditions to be performed hereunder by said bank are undertaken solely as Trustee, as aforesaid, and not individually, and no personal liability shall be asserted or be enforceable against said bank or the beneficiary or beneficiaries of the aforesaid Trust by reason of any of the covenants, statements or representations contained in this Indenture.

In Witness Whereof, the Parties hereto have subscribed their names this ..... day of ....., 1979.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor, subject to attestation by the City Clerk, approval by the Commissioner of Aviation and the City Comptroller, and by the Corporation Counsel as to form and legality, is authorized to execute in behalf of the City of Chicago an agreement with various International Flag and Supplemental Carriers using the International Terminal Building at Chicago-O'Hare International Airport; and

SECTION 2. That the Commissioner of Aviation is further authorized to take those measures necessary to effectuate the provisions of the agreement, said agreement to be in the following form:

This Agreement made and entered into this ..... day of ..... A.D. 1979, by and between the City of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as "City" and ....., a corporation organized and existing under and by virtue of the laws of ..... (hereinafter referred to as "Financing Carrier");

WITNESSETH:

Whereas, City owns and operates the airport known as Chicago-O'Hare International Airport situated in the County of Cook and the County of DuPage, State of Illinois (hereinafter, together with any additions thereto or enlargements thereof, whether or not made with corporate funds of City, Government Grants in Aid, or any funds of any nature whatsoever, referred to as "airport") with the power to lease premises and facilities and to grant rights and privileges with respect thereto, all as hereinafter provided; and

Whereas, The City owns and operates as a part of said airport a building identified as Terminal No. 1, also known as and hereinafter referred to as the "International Terminal Building"; and

Whereas, The passenger utilization of said International Terminal Building has increased dramatically over the last several years, greatly taxing the capacity of the International Terminal Building and its internal facilities to handle all of said passengers in an expeditous manner; and

Whereas, There is located and maintained within said International Terminal Building a Federal Inspection Area and a public seating area on the upper level, described in the standard lease between the City and many of the airlines using the International Terminal Building (for example, and by reference herein incorporated, as set forth in Sections 1.04 and 1.06 of the lease between City and Trans World Airlines); and

Whereas, It has been determined by the City, and by the Financing Participating Carriers (hereinafter "Financing Carriers") signatory to this Agreement, which carriers constitute the great majority of the air carriers using the International Terminal Building, that said Federal Inspection Area should be modernized and improved, and that the public seating on the upper level should be re-configured and expanded and certain counters relocated, in order to better serve the traveling public and the citizens of Chicago and the surrounding area, the City is willing for said modernization and improvements to take place, which said modernization and improvements are hereinafter referred to as the "Project"; and

Whereas, City has asked all the air carriers using the International Terminal Building to participate in the cost of financing the Project, and some have elected not to so participate, while others have agreed to participate (those agreeing being the Financing Carriers) and all said Financing Carriers are listed on Exhibit "B" attached to this Agreement; and

Whereas, The City has asked the Financing Carriers to finance the cost of improving and modernizing the Federal Inspection Area, and the hereinabove described improvements on the upper level, and the Financing Carriers have, under certain conditions, agreed to do so; and

Whereas, The Project is expected to cost approximately $1,000,000, for total design and construction costs, which the said Financing Carriers have agreed to finance as set forth in this Agreement and in identical Agreements to be signed individually by the City and by each Financing Carrier; and

Whereas, It is necessary to write off this investment over the expected life of the International Terminal Building which has been agreed to be a seven (7) year period commencing January 1, 1980, which said 7 year period shall run until January 1, 1987, (hereinafter referred to as the "Project Period").

Now, therefore, for and in consideration of the premises and the mutual covenants and agreements herein contained and other valuable consideration, the parties hereto covenant and agree as follows:

Section 1. The expected life of the International Terminal Building is agreed to be a seven (7) year period, and the parties estimate that it will take between eight to ten months after construction begins to complete the Project. Consequently, it is not expected that the Project will be finished and available for use until late 1979. It is, therefore, agreed between the parties that the seven (7) year period commencing January 1, 1980 and ending January 1, 1987 (the "Project Period") shall be the period of time at the end of which the Project shall be entirely written off, and the period of time during which non-financing carriers shall pay the use fees set forth in Section 7. The City agrees that, in the event the International Terminal Building is still being utilized by air carriers, including any of the Financing Carriers, for any period after January 1, 1987, the City will not include in the rate making base for determining charges to carriers any costs reflecting the investment in the Project contemplated by this Agreement. In the event that City has built and provided available for use a new International Terminal Building to be utilized by international carriers prior to the termination of the Project Period, the Financing Carriers and City shall meet and negotiate in an attempt to fairly compensate the Financing Carriers for their capital contributions provided herein.

Section 2. The City does hereby agree to undertake, contract for and to build the modifications, modernizations and improvements of the Project to conform to the preliminary drawings, plans and specifications as set forth in Exhibit A to this Agreement, provided, however, that all commitments for financial expenditures of monies to be incurred in connection with the Project prior to the written acceptance of the construction contract, shall, prior to such commitment for such expenditure, be approved in writing by City and by the Airline Construction Coordinator referred to hereinbelow, and provided further that if it is determined after all necessary bidding has taken place that the total cost of the Project including all architectural, engineering and construction expenses will or may exceed One Million dollars ($1,000,000), the Project shall not be begun unless approved by the Financing Carriers. Upon receiving information that the Project expenses will or may exceed $1,000,000, City shall notify in writing each of the Financing Carriers, within 5 days of the receipt of such information and state what the bid amounts were and what the total cost of the Project will be, thereafter the Financing Carriers shall meet within 10 days and decide whether the Project shall continue. Those Financing Carriers, if any, electing not to remain Financing Carriers shall so notify the City within 5 days after the said meeting, and immediately upon such notification each such Carrier shall be entitled to receive back its entire Initial Capital Contribution

minus only its pro rata share of those expenditures and commitments already incurred which have been previously approved in writing by the Airline Construction Coordinator. All Financing Carriers electing to continue, if any, shall so notify the City of such intent within 5 days after said meeting, and shall deposit in the Project Fund, within 10 days after such meeting, whatever additional sums are necessary to complete the Project. The amount to be so deposited by each of the continuing Financing Carriers shall be as determined by said Carriers at said meeting and shall then become a part of each such Financing Carriers Initial Capital Contribution. It is also agreed that should the continuing Financing Carriers agree to continue the Project, that the 50 cent use fee charge to be paid by non-participating carriers set forth in Section 7 shall be adjusted upwards by one cent for each $20,000 of fraction thereof by which the Total Cost of the Project exceeds $1,000,000. In the event all the Financing Carriers decide not to continue the Project, the Project shall not be begun and all funds deposited by the Financing Carriers shall be returned to each such Carrier minus only its pro rata share of those expenditures and commitments already incurred which have been previously approved in writing by the Airline Construction Coordinator. It is understood the City shall be responsible for the letting of architectural, engineering and construction contracts to accomplish said construction and shall exercise complete supervisory and managerial responsibility for completion of the Project. It is agreed that the Financing Carriers will appoint from among their members an Airline Construction Coordinator who will consult and confer with the City on matters of mutual concern during the course of construction so as to insure that the Project facilities will be satisfactory to both the City and the Financing Carriers. He will also perform those other duties set forth in this Section.

Section 3. It is understood and agreed that each of the Financing Carriers shall sign this Agreement or an Agreement identical to this Agreement prior to April 1, 1979, and that each such Financing Carrier shall be entitled to the use of the said Project Federal Inspection Area Improvements on a fair and equal basis for the 7 year life of the Project Period commencing on January 1, 1980 and ending January 1, 1987. Provided, however, that the obligation of each Financing Carrier under this Agreement is contingent upon the entering into of this Agreement and the payment of the appropriate capital contribution by each of the other Financing Carriers as set forth on Exhibit B to this Agreement, and each such Financing Carrier shall receive its full capital contribution back and have no further liability or obligation under this Agreement unless each and all of the Financing Carriers set forth on Exhibit B hereto sign this Agreement or an Agreement identical hereto and deposit the appropriate capital contribution as set forth on Exhibit B by April 1, 1979. Should one or more of the Financing Carriers set forth in Exhibit B not sign the Agreement by April 1, 1979, the Project may continue only upon recomputation of the capital contribution required by the remaining Financing Carriers and agreement thereto by each of the remaining Financing Carriers.

Section 4. Each of the Financing Carriers that signs this Agreement or an identical Agreement thereto prior to April 1, 1979, does agree to deposit a check in a segregated bank account to be invested at the discretion of the City Comptroller of the City of Chicago in the most practical and productive manner, (hereinafter, referred to as the "Project Fund") upon the date of execution of this Agreement corresponding to its respective share of the Initial Capital Contribution (hereinafter such share being denominated the Financing Carrier's "Initial Capital Contribution") of the capital cost for the Project. The amount that each Financing Carrier agrees to contribute is set forth on Exhibit B to this Agreement which lists the name of each participating Carrier and the total amount of capital to be contributed by said participating carrier. It is understood and agreed between the City and the Financing Carriers that the Initial Capital Contribution has been determined by use of the Chicago formula (wherein each Financing Carrier pays an equal share of 20% of the total Project cost and its pro rata share of the remaining 80% of the said Project cost, said share being determined by the proportion that the number of passengers deplaned and utilizing the Project Federal Inspection Area by said carrier at the International Terminal Building during 1977 bears to the total number of passengers so deplaned by all Financing Carriers during 1977). For the purpose of the table attached as Exhibit B to this Agreement, the 1977 traffic for the Financing Carriers has been the traffic utilized to determine the 80% portion of the total capital contribution paid by each carrier.

Section 5. It is agreed by City that in partial consideration of the Financing Carriers furnishing the funds necessary to undertake and complete this Project, that City will use its best efforts, as permitted by law, to ensure that each of the Financing Carriers shall not be discriminated against in the use of the Federal Inspection Project facilities area and that, when a conflict exists between a Financing Carrier and any other air carrier for the use of these facilities, that the Financing Carriers shall be given reasonable preferential use.

Section 6. In order to attempt to reduce the cost contributed by the Financing Carriers as set forth on Exhibit B to this Agreement, the City agrees to apply to the Federal Department of Transportation for a Government Grant in Aid pertaining to this Project and to utilize its best effort to obtain all sums which could or may be available from such source to be applied toward the Project. Should the City be successful in obtaining any such funds, the said funds shall be deposited as required by law. As sums are required to pay costs associated with the Project, they shall be withdrawn equally from the Project Fund and equally from the Federal Funds (should they be lawfully available for such purposes) until all funds required for completion of the Project have been expended. All funds received from any Federal Grant in Aid shall be expended, if legally available for that purpose, in equal amount from time to time with the fund contributed by the Financing Carriers so as to conserve the total capital contribution paid by each of the Financing Carriers pursuant to Section 3, to the extent possible. Where equal expenditure of Grant in Aid and Financing Carrier funds are not legal or feasible, the Financing Carrier funds may be expended by the City. After all such sums necessary for the construction of the Project have been withdrawn from the Project Fund above noted, the City Department of Aviation shall so advise each Financing Carrier by notice in writing that all of the necessary sums for completion of the Project have been spent and that the Project is completed. All sums then remaining in the Project Fund shall then be distributed among the Financing Carriers on the basis of their pro rata Initial Capital Contribution.

Section 7. As a means of reducing the total cost of the Project to the Financing Carriers, the City agrees to charge a use fee to all non-participating carriers which utilize the Federal Inspection Project area in the International Terminal Building or which utilize in any way any of the facilities, including the baggage delivery and carousel system, in the Federal Inspection Project area. These non-participating carriers will be charged 50 cents per passenger for each such passenger utilizing a portion of the Federal Inspection Project area as aforesaid or such larger amount as may be required pursuant to the provisions of Section 2 hereinabove.

During each year of the Project Period, the City shall maintain records of the use fees paid by the non-participating carriers as provided in this Section. Such records shall be available for inspection during normal business hours by representatives of

each of the Financing Carriers. At the end of each month during the Project Period, City shall add together all such use fees so paid by non-participating carriers during the preceding month and such sum shall be designated the "Monthly Project Use Fee Payment Account." At the end of each full year during the Project Period, City shall add together all such Monthly Project Use Fee Payment Accounts, all such sums together being denoted the "Annual Project Credit Amount." The Annual Project Credit Amount shall then be divided into twelve equal portions, one for each month of the next succeeding Project year. Each equal monthly portion shall be called the "Monthly Project Credit Amount." At the beginning of each month in the year immediately succeeding the computation of the Annual Project Credit Amount, City shall divide the Monthly Project Credit Amount for that month pro rata among the Financing Carriers according to their Initial Capital Contribution, and credit each such Financing Carrier with its pro rata portion of credit from the Monthly Project Credit Amount, such credit to be applied first against any monthly charges due City for use of the Federal Inspection Area, second against any rent charges due City, third (or if there be no rent charges due) to be applied against any use fees or any other fees otherwise due City by the Financing Carrier. The amount of credit permitted a Financing Carrier as against fees due City shall not be lost if there be no charges due City for any particular month, but shall carry over each month and be added to that portion of the Financing Carriers pro rata share of the next succeeding Monthly Project Credit Amount until all such credits are fully utilized by the Financing Carrier, whether this occurs at the end of the year following the final year of the Project Period of thereafter.

At the conclusion of the first full year following the end of the Project Period all Annual Project Credit Amounts should have been thus credited to the Financing Carriers, but if any credit amounts yet remain, they shall be credited first to the Financing Carrier entitled thereto, and otherwise to all Financing Carriers pro rata until such credits are exhausted.

It is agreed by the City and the Financing Carriers that at no time during the Project Period and during the term of this Agreement shall a Financing Carrier be charged any additional fee whatsoever beyond its Initial Capital Contribution for the use of the improvements to the Federal Inspection Area (other than as provided in Section 8). However each Financing Carrier shall continue to pay that portion of the monthly reimbursement charge for the availability of the Federal Inspection Area (which said amount totals $13,993.00) computed for said carrier as provided in the lease between City and certain of the Financing Carriers on the basis of the 20-80% formula set forth, for example, in the lease between the City and Trans World Airlines in paragraph 3.04. Such payment shall be subject to the credits set forth in this Section 7.

Section 8. Despite the provisions of Section 7 above, providing for certain credits to be allowed to the Financing Carriers by City as set forth in said Section, all such credits so allowed by City to a Financing Carrier shall cease when, and only if such Carrier has received a total amount of credits, as provided by Section 7, which, in the aggregate, equal that carrier's Net Capital Contribution (which is defined as the Initial Capital Contribution of each Financing Carrier as set forth in Section 2, less any sums remaining in the Project Fund that shall have been returned to each Financing Carrier on the prorated basis described in Section 6, following completion of the Project), plus an additional amount equal to forty percent (40%) of such Financing Carriers Net Capital Contribution, such additional 40% amount being expressly agreed between the parties as constituting a credit in lieu of interest on the Financing Carriers Net Capital Contribution investment.

At the end of the Project Period or at such time as all Financing Carriers receive credits equal to their respective Net Capital Contribution plus 40% of such Net Capital Contribution, whichever event occurs earlier, the usefee payment which City herein agrees to charge all non-participating carriers which utilize the Federal Inspection Project area, as set forth in Section 7 hereof, shall cease, and no air carrier shall be charged a usefee for the use of said Project facilities thereafter, based on the improvements financed under this Agreement.

Section 9. It is agreed between the parties that this Agreement is intended by the parties to provide a fair and practical method to finance the Project, while at the same time not being inconsistent with the City Ordinances authorizing the issuance of Chicago-O'Hare International Airport Revenue Bonds and the Airport Use Agreement referred to therein. Should it be determined that a portion of this Agreement is inconsistent with, and in direct conflict with any part of such Bond Ordinances or Airport Use Agreement, it is agreed that the appropriate language in the said Bond Ordinances or Airport Use Agreement shall govern. Should such a conflict be found, however, only that portion of this Agreement which is found to be in conflict with such Bond Ordinances or Airport Use Agreement shall be so avoided, and all other portions shall continue in effect; provided further that should any portion of this Agreement be rendered void for this or any other reason, the parties agree to meet and confer, and to establish, such other procedures as are not in conflict with the said Bond Ordinances or Airport Use Agreement, or other law, as will fully preserve the rights and benefits of the parties as set forth and as intended by this Agreement.

Section 10. This Agreement shall become effective only upon the execution of it by the City, by the Financing Carriers set forth below, plus the execution of identical Agreements by each of the Financing Carriers set forth on Exhibit B attached hereto. The Agreement has been executed in several counterparts, each of which shall be considered an original, and all Agreements signed by all Financing Carriers shall be considered collectively as but one instrument.

Section 11. Notices and communications provided for herein shall be directed to the Financing Carriers addressed to ..... (must be within the U.S.) and to the City of Chicago addressed to J.P. Dunne, Commissioner of Aviation, Room 1111, City Hall, Chicago 60602.

Section 12. This Agreement shall be deemed to have been made in, and shall be construed in accordance with, the laws of the State of Illinois.

Section 13. Execution of this Agreement has been authorized by ordinance of the City Council of the City of Chicago passed on the .... day of ..... 1979, (C.J.P. .....), which date shall be the effective date hereof.

In Witness Whereof, the City of Chicago has caused this Agreement to be entered on its behalf by its Mayor, pursuant to due authorization of the City Council of the City of Chicago, and its Seal to be hereunto affixed and attested by the City Clerk of the City of Chicago, and ..... has caused this Agreement to be executed on its behalf by its ..... President and its Corporate Seal to be hereunto affixed and attested to by its ..... Secretary, pursuant to due authorization by its Board of Directors, all as of the day and year first above written.

WHEREAS, It appears that each of the instruments above referred to which are now before this meeting is in appropriate form and is an appropriate instrument to be executed and delivered by this Issuer for the purpose intended; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. *Definitions.* The terms defined in this Section 1 (except as herein expressly otherwise provided for, or unless the context clearly otherwise requires) for all purposes of this ordinance and any ordinance amendatory hereof or supplemental hereto shall have the respective meanings specified in this Section. Terms which are not defined in this Section shall have the meanings specified in Article I of the Loan Agreement (except as herein otherwise expressly provided, or unless the context clearly requires otherwise).

"Outstanding" or "Bonds outstanding" means all Bonds which have been duly issued and delivered by the Issuer under this Bond Ordinance, except:

(a) Bonds theretofore cancelled;

(b) Bonds for the payment or redemption of which cash funds shall have been deposited with the Bond Purchaser (whether upon or prior to the maturity or redemption date of any such Bonds); and

(c) Bonds in lieu of which others have been issued and delivered hereunder.

If the lien of this Bond Ordinance shall be discharged pursuant to Section 31 hereof, no Bonds shall be deemed to be outstanding within the meaning of this provision.

"Owner" means the Person in whose name any Bond shall have been registered.

SECTION 2. *Authority to Acquire, Construct and Equip the Project.* Based upon representations made by the Borrower to the Issuer, the Issuer hereby determines that the Cost of the Project will not be substantially less than $1,500,000; that the location of the Project within the corporate boundaries of the Issuer will promote the purposes of the Enabling Ordinance; that the financing of the acquisition, construction and equipping of the Project by the Issuer through a loan of the proceeds of the Bonds to the Borrower is in the public interest and in furtherance of the purposes of the Enabling Ordinance; and that such financing is authorized by the Enabling Ordinance and this Bond Ordinance. It is hereby found and declared that the financing of the Cost of the Project, and the use of the Project by the Borrower as hereinafter provided, is necessary to accomplish the purposes of the Enabling Ordinance.

SECTION 3. *Authorization of the Series 1979 Bond, and Security for the Bonds.* For the purpose of providing funds to finance a portion of the Cost of the Project, there shall be issued, and is hereby authorized and directed to be issued the Series 1979 Bond of the Issuer.

The Bonds and all interest thereon shall be paid solely from the revenues and receipts derived from the Loan Agreement (but excluding moneys received by the Issuer pursuant to its Unassigned Rights), and not from any other fund or source. The Bonds shall be issued in compliance with, and under authority of, the provisions of the Enabling Ordinance and this Bond Ordinance. The Issuer hereby pledges the revenues and receipts derived from the Loan Agreement to the payment of the principal of the Bonds, and the interest and redemption premium, if any, thereon. The Bonds shall be additionally secured by, among other things, the Assignment, the Collateral Security Agreement, the Mortgage, the Loan Agreement and the Construction Fund.

The Bonds shall be limited obligations of the Issuer, the principal of and interest on which shall be payable solely from the sources specified in, and be secured as provided by, this Bond Ordinance. The Bonds, and any interest and redemption premium thereon, shall never constitute a general obligation of the Issuer, nor shall the Bonds ever constitute an indebtedness or loan of credit of the Issuer, the State or any other political subdivision thereof, within the meaning of any State constitutional provision or statutory limitation, and neither the Issuer, the State nor any other political subdivision thereof shall be liable thereon, and the Bonds shall neither constitute nor give rise to a pecuniary liability or a charge against the general credit or taxing powers of the Issuer, the State or any other political subdivision thereof. Such limitation shall be plainly stated on the face of each Bond together with a recital that such Bond has been issued under and in compliance with the provisions of the Enabling Ordinance.

Any payments on the Bonds made to any owner thereof, or to any duly authorized representative of said owner, by the Borrower or the Issuer, or for the account of the Borrower or the Issuer, shall, for all purposes and in every respect, be deemed a payment of the Bonds, and such payments shall be applied in accordance with the provisions of this Bond or Ordinance.

Nothing in this Bond Ordinance, the Loan Agreement, the Mortgage, the Collateral Security Agreement, the Fiscal Agent Agreement or the Assignment shall be construed so as to create an obligation or commitment by the Issuer to expend any of its funds other than (i) the proceeds derived from the sale of the Bonds, (ii) certain of the revenues and receipts to be received by the Issuer, or by any Person on the Issuer's behalf, from the Loan Agreement, as provided herein, (iii) any proceeds accruing to the Issuer, or to any Person on the Issuer's behalf, from insurance on the Project, (iv) any moneys accruing to the Issuer, or any Person on the Issuer's behalf, on account of any taking or condemnation of title, or sale by the Borrower in lieu of condemnation, to the whole or any part of the Project, and (v) any moneys arising out of the investment or reinvestment of said proceeds, income, rents, revenues, receipts or other moneys.

It is hereby found, determined and declared by the Issuer that the aggregate amounts payable in each year under the Loan Agreement are the amounts necessary in such year to pay the principal of, premium, if any, and interest on the Series 1979 Bond, and that the loan repayments and other monetary obligations undertaken by the Borrower in the Loan Agreement are sufficient to satisfy the monetary obligations required by the Enabling Ordinance to be undertaken by the user of an "industrial development project" within the meaning of the Enabling Ordinance.

SECTION 4. *Description and Details of the Series 1979 Bond.* The Series 1979 Bond shall be issued as one bond fully registered in the name of the Bond Purchaser, shall be numbered R-1 and shall be in the denomination of $1,500,000. The Series 1979 Bond shall be dated the date of its issuance and delivery, and shall bear interest from said date at the rate of 7½% per annum (based for actual days elapsed on a 360 day year) payable on March 31, June 30, September 30 and December 31 of each year until maturity, commencing on December 31, 1979. The Series 1979 Bond shall mature on September 30, 1994.

The Series 1979 Bond and the interest thereon shall be payable in lawful money of the United States of America to the registered owner thereof at the office of the Bond Purchaser.

No Bond shall be sold, transferred or assigned except to an "Institutional Investor," as such term is hereinafter defined. The costs and charges of any transfer shall be paid by the purchaser, transferee or assignee thereof. The term "Institutional Investor" as used herein means a bank, savings and loan association, insurance company or other such financial institution which has a combined capital and surplus of at least $5,000,000. In the event a Bond is sold, transferred or assigned, the purchaser, transferee or assignee thereof must notify the Issuer and the Borrower of the new address for payment thereof; absent such notification, such sale, transfer or assignment shall be ineffective as against the Issuer and the Borrower. Each Bond shall bear on the face thereof the legend: "This Series 1979 Bond Shall Not Be Sold, Transferred or Assigned Except to an "Institutional Investor."

SECTION 5. *Prepayment of the Principal of the Series 1979 Bond.* The principal installments of the Series 1979 Bond, over and above the payments required to be paid on a quarterly basis, shall be subject to prepayment at any time, on the occurrence of any of the events set forth in Section 7.1 of the Loan Agreement, by the Issuer at the option of the Borrower in whole or (in the case of prepayment pursuant to any condemnation award, or sale under threat of condemnation) in part in inverse order of their due dates prior to the stated maturity thereof, but only after giving the notice specified in Section 6 of this Bond Ordinance, at an amount equal to the sum of the following:

Upon the giving of notice to the Bond Purchaser, or, if the Bond Purchaser is no longer the owner of the Series 1979 Bond, to the owner of the Series 1979 Bond at that time, all or any portion of the Series 1979 Bond may, in the manner set forth above, be prepaid. Such prepayment shall be valid upon payment of the amount thereof to the Bond Purchaser, or, if the Bond Purchaser is no longer the owner of the Series 1979 Bond, to the owner of the Series 1979 Bond at that time, and the Issuer shall be fully released and discharged from all liability to the extent of such payment, irrespective of whether such payment shall be endorsed upon the such Series 1979 Bond by the Bond Purchaser, or, if the Bond Purchaser is no longer the owner of the Series 1979 Bond, by the owner thereof at that time, and irrespective of any error or omission in such endorsement.

The Series 1979 Bond is subject to mandatory redemption in the event that the Borrower is required to prepay the amounts payable under the Loan Agreement upon the occurrence of a "Determination of Taxability," as such term is defined in Section 7.3 of the Loan Agreement. If called for redemption upon the occurrence of a Determination of Taxability, the Series 1979 Bond shall be subject to redemption by the Issuer at any time in whole and not in part, at the option of the Borrower (1) by the delivery from the Borrower to the Bond Purchaser, in exchange for the cancellation of Series 1979 Bond, of its own corporate note in the principal amount equal to the unpaid principal of the Series 1979 Bond at that time, bearing interest at a rate equal to the taxable equivalent rate described below, plus the payment of an amount equal to (i) the amount necessary so that after giving effect to the receipt thereof by the Bond Purchaser, the Bond Purchaser shall have received interest on the Series 1979 Bond at the after-tax equivalent rate (to be calculated by assuming that the Bond Purchaser paid federal income taxes on interest on the Series 1979 Bond at the marginal rate of federal income taxation for ordinary corporate income in effect at the time (presently 46%) that the Bond Purchaser received such income) of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year) for the period elapsed between the "Event of Taxability," as such term is defined in Section 7.3 of the Loan Agreement, and the date of redemption, plus (ii) any penalties or interest which the Bond Purchaser may have had to pay as a result of interest on the Series 1979 Bond being deemed taxable; any corporate note of the Borrower so delivered shall be subject to, and governed by, the provisions of the Loan Agreement and this Bond Ordinance, and shall be secured by the Mortgage, the Collateral Security Agreement and the Loan Agreement, as fully as if such corporate note was the Series 1979 Bond issued under this Bond Ordinance; or (2) at a redemption price equal to the unpaid principal amount thereof, plus accrued interest to the date of redemption, plus a premium equal to (i) the amount necessary so that after giving effect to the receipt thereof by the Bond Purchaser, the Bond Purchaser shall have received the interest on the principal amount of the Series 1979 Bond then outstanding at the after-tax equivalent rate (to be calculated by assuming that the Bond Purchaser paid federal income taxes on interest on the Series 1979 Bond at the rate of federal income taxation for ordinary corporate income in effect at the time (presently 46%) that the Bond Purchaser received such income) of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year) (the "taxable equivalent rate") for the period elapsed between the "Event of Taxability," as such term is defined in Section 7.3 of the Loan Agreement, and the date of redemption, plus (ii) any penalties or interest which the Bond Purchaser may have had to pay as a result of interest on the Series 1979 Bond being deemed taxable.

The owner of the Series 1979 Bond (or portion thereof) both at the time of an "Event of Taxability" (as defined in Section 7.3 of the Loan Agreement) and at the maturity or redemption (in whole or in part) thereof prior to the aforesaid redemption date resulting from an Event of Taxability shall, upon presentation to the Issuer and the Borrower in writing of proof satisfactory to the Issuer and the Borrower that he was the owner of the Series 1979 Bond (or portion thereof) as such times, be entitled to an amount equal to (i) the amount necessary so that after giving effect to the receipt thereof by the Bond Purchaser, the Bond Purchaser shall have received interest on the principal amount of the Series 1979 Bond not then outstanding, but which was outstanding at the time of the "Event of Taxability," as such term is defined in Section 7.3 of the Loan Agreement, at the after-tax equivalent rate (to be calculated by assuming that the Bond Purchaser paid federal income taxes on interest on the Series 1979 Bond at the marginal rate of federal income taxation for ordinary corporate income in effect at the time (presently 46%) that the Bond Purchaser received such income) of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year) for the period elapsed between the "Event of Taxability" and the date on which such principal amount of the Series 1979 Bond was paid or redeemed, plus (ii) any penalties or interest which the Bond Purchaser may have had to pay as a result of interest on the Series 1979 Bond (or portion thereof) being deemed taxable.

Notice having been given in the manner provided in Section 6 hereof, the Series 1979 Bond or the principal portions thereof so called for redemption or prepayment pursuant to this Section shall become due and payable on the dates so designated at the price and upon presentation and surrender thereof at the office specified in such notice. The Series 1979 Bond or the principal portions thereof shall continue to bear interest until paid or replaced with a corporate note of the Borrower, as described above.

All Bonds which have been redeemed shall be cancelled and destroyed by the Issuer, and shall not be reissued. A certificate evidencing the destruction of such redeemed Bonds shall be furnished by the Issuer to the Borrower.

SECTION 6. *Notice of Prepayment.* Notice of any prepayment shall be given in the name of the Issuer by the Issuer or the Borrower to the owners of the Bonds in the manner required for the giving of notice under the Loan Agreement, as specified in Section 9.1 thereof. Each such notice shall be mailed at least thirty (30) days and not more than ninety (90) days prior to the date fixed for prepayment, and shall specify the series and numbers of the Bonds to be prepaid, unless the giving of such notice is waived in writing by the owners of the Bonds to be prepaid. Such notice shall further state that payment will be made upon presentation and surrender of the Bonds to be prepaid. Notice of any prepayment as herein provided shall be given only after written notification thereof from the Borrower to the Issuer has been given, and may only be given as long as the Borrower is not in default under the Loan Agreement. Failure to give such notice by mailing, or any defect therein, to the owner of any Bond designated for prepayment shall not affect the validity of the Proceedings for the prepayment of any other Bond.

SECTION 7. *Mutilated, Lost, Stolen or Destroyed Bonds.* In the event any Bond is mutilated, lost, stolen or destroyed, the Issuer shall execute a new Bond of like date, number, series, maturity and denomination as that mutilated, lost, stolen or destroyed; provided that in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Issuer, to whom proof of ownership of such mutilated Bond shall also be made; provided further that in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the Issuer evidence of such loss, theft or destruction satisfactory to the Issuer, to whom proof of ownership of such lost, stolen or destroyed Bond shall also be made; provided further that in the case of any mutilated, lost, stolen or destroyed Bond, the Issuer and the Borrower shall be provided with indemnity reasonably satisfactory to the Issuer and the Borrower. In the event any such Bond shall have matured, instead of issuing a duplicate Bond the Issuer may pay the same or cause the same to be paid without surrender thereof. The Issuer may charge the owner of such Bond with the Issuer's reasonable fees and expenses in connection therewith. All Bonds issued in replacement of any mutilated, lost, stolen or destroyed Bond pursuant to the provisions of this Section shall bear an endorsement in substantially the following form: "This Bond has been reissued to replace a mutilated, lost, stolen or destroyed Bond."

SECTION 8. *Persons Treated as Owners.* The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of or interest on any such Bond shall be made only to or upon the order of the owner thereof, or his duly authorized legal representative, and neither the Issuer nor the Borrower shall be affected by any notice to the contrary. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Subject to the restrictions on transfer provided in Section 4 hereof, title to the Bonds is transferable by the owner thereof or by his attorney duly authorized in writing. Transferees shall be entitled at their request and cost to the issuance of a new Bond or Bonds. Transfer of title to any Bond shall be effective only upon giving the notice required by Section 4 hereof.

SECTION 9. *Method of Execution of Bonds.* The Bonds shall be executed for and on behalf of the Issuer by the manual signature of its Mayor, and attested to by the manual signature of its City Clerk, with the seal of the Issuer impressed thereon.

SECTION 10. *Form of the Series 1979 Bond.* The Series 1979 Bond and the form of assignment attached thereto shall be in substantially the following form:

(Form of Bond)

United States of America

State of Illinois

City of Chicago,

Industrial Development Revenue Bond, Series 1979

Know All Men By These Presents that the City of Chicago, Illinois, a home rule municipal corporation, duly organized and validly existing under the Constitution and laws of the State of Illinois (the "Issuer"), for value received promises to pay, but only from the sources and as hereinafter provided, to The First National Bank of Chicago or registered assigns, the principal sum of One Million Five Hundred Thousand Dollars ($1,500,000), payable in installments, in the amounts and at the times as specified in the Schedule of Payments attached hereto, and in like manner to pay interest on the unpaid portion thereof from date hereof at the rate of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year), except upon the occurrence of a Determination of Taxability as hereinafter described, and at the times specified in said Schedule of Payments until said principal sum is paid, except as the provisions hereinafter set forth with respect to prepayment prior to maturity may become applicable hereto; principal of, premium, if any, and interest on this Series 1979 Bond being payable in lawful money of the United States of America at the address of the registered owner hereof provided to the Issuer and the Borrower, as hereinafter defined. In the event that the Issuer shall fail to make, or cause to be made, any of the payments required herein to be made, the item or installment so in default shall continue as an obligation of the Issuer until the amount in default shall have been fully paid, and the Issuer agrees to pay the same, or to cause the same to be paid, on demand, with interest thereon at the rate of seven and one half percent (7½%) per annum (based for actual days elapsed on a 360 day year), but if such rate should exceed the maximum rate allowed under the laws of the State of Illinois, then at the maximum so allowed. Payment of principal and interest hereon shall be made to the registered owner hereof in immediately available funds by 10 a.m. on the due date. Upon payment or prepayment of the principal of or interest on this Series 1979 Bond, the registered owner hereof shall note such payment on the Schedule of Payments attached hereto and made a part hereof.

Interest shall be payable on this Bond on December 31, 1979, and on each March 31, June 30, September 30 and December 31 thereafter until the principal sum hereof shall have been fully paid.

Occurrence of an event of default under the loan agreement (as hereinafter defined) constitutes an event of default under the Bond ordinance. Failure to pay that portion of the installments required under the loan agreement for the payment of interest hereon will not constitute an event of default thereunder until the period of five (5) business days after notice is given by either the Issuer or the Bond Purchaser (as hereinafter defined) to the Borrower (as hereinafter defined). Neither the Issuer nor the Bond Purchaser shall have any recourse against the Borrower for such failure to pay until five (5) business days after such notice has been given to the Borrower.

The issuance of this Series 1979 Bond has been duly authorized by the Issuer, and this Series 1979 Bond constitutes the entire issue known as the "Industrial Development Revenue Bond, Series 1979 (ABC Rubber Co. Project)," of the Issuer in the principal amount of One Million Five Hundred Thousand Dollars ($1,500,000), authorized for the purpose of financing the acquisition, construction and equipping of a facility for manufacturing, warehousing and office purposes within the corporate limits of the Issuer (the "Project"), and paying necessary expenses incidental thereto, so as to fulfill the purposes of the Enabling Ordinance, as hereafter defined, to wit: "to finance in whole or in part the cost of acquisition, purchase, construction, rehabilitation, redevelopment or extension of any industrial development project in order to create a favorable climate for new and improved job opportunities for residents of the City of Chicago by encouraging the development of business, industry and commerce within the City." This Series 1979 Bond has been issued under the Bond Ordinance, as hereinafter defined, and along with the other bonds which may subsequently be issued under the provisions of the Bond Ordinance, as hereinafter defined, and any ordinance amendatory thereof or supplemental thereto (this Series 1979 Bond and such subsequent bonds hereinafter being collectively referred to as the "Bonds"), are equally and ratably secured as to principal, premium, if any, and interest pursuant to an ordinance duly adopted by the Issuer on September 26, 1979 (the "Bond Ordinance"), and are additionally secured by, among other things, a certain Loan Agreement (the "Loan Agreement"), dated as of August 1, 1979, by and between the Issuer, as lender, and ABC Rubber Co., an Illinois corporation, as borrower (the "Borrower"), a certain Pledge and Assignment (the "Assignment"), dated as of August 1, 1979, from the Issuer, as assignor, to The First National Bank of Chicago, Chicago, Illinois, as assignee (the "Bond Purchaser"), a certain Collateral Security Agreement (the "Collateral Security Agreement"), dated as of August 1, 1979, from the Borrower, as pledgor, to the Bond Purchaser, as pledgee, and a certain Mortgage (the "Mortgage"), dated as of August 1, 1979, from the Borrower, as mortgagor, to the Bond Purchaser, as mortgagee. Reference is hereby made to the Bond Ordinance, the Loan Agreement, the Assignment, the Collateral Security Agreement and the Mortgage for a description of the Project, the nature and extent of the security for the Bonds, and a statement of the terms and conditions upon which this Series 1979 Bond and the other Bonds are issued and secured, the rights of the owners hereof and thereof, and the other matters set forth therein.

A loan of the proceeds of this Series 1979 Bond has been made, pursuant to the Loan Agreement to the Borrower for the purpose of financing the costs of the Project. Pursuant to the Loan Agreement, the Borrower must pay to the Issuer, or its assignee, such amounts as will always be sufficient in the aggregate to pay the principal of and interest on the Bonds as the same mature and become due; and under the Loan Agreement, it is the obligation of the Borrower to operate and maintain the Project in good repair, to keep it properly insured and to pay all taxes, assessments, depreciation charges and other charges levied or assessed against or with respect to the Project.

This Series 1979 Bond is issued in full compliance with the Constitution and laws of the State of Illinois, including particularly Chapter 15.2 of the Municipal Code of the City of Chicago (the "Enabling Ordinance").

Subject to the preceding paragraph, this Series 1979 Bond may be sold, transferred or assigned by the owner hereof in person, or by his attorney duly authorized in writing, but only in the manner, subject to the limitations and upon payment of the charges provided in the Bond Ordinance. Upon such sale, transfer or assignment, the purchaser, transferee or assignee hereof shall be entitled, at such purchaser's, transferee's or assignee's expense, to the issuance of a new bond or bonds.

"The Issuer may deem and treat the party in whose name this Series 1979 Bond is registered as the absolute owner hereof for the purpose of receiving payments of, or on account of, principal hereof, and premium, if any, and interest due hereon, and for all other purposes, and neither the Issuer nor the Borrower shall be affected by any notice to the contrary, except as provided in the Bond Ordinance.

This Series 1979 Bond has been issued in fully registered form without coupons in the denomination of $1,500,000, and constitutes all of the series of the Issuer's bonds known as the "Industrial Development Revenue Bond, Series 1979 (ABC Rubber Co. Project)."

In addition, the principal installments due on this Series 1979 Bond shall be subject to prepayment by the Issuer at the option of the Borrower at any time in whole or in part and if in part then in the inverse order of their due dates prior to the stated maturity thereof, but only after giving the notice specified below, at the redemption prices (expressed as percentages of principal amount) set forth in the table below, plus accrued interest to the redemption date:

Bond, and the Issuer shall be fully released and discharged from all liability to the extent of such payment irrespective of whether such payment shall be endorsed upon the Schedule of Payments appended hereto, and irrespective of any error or omission in such endorsement.

This Series 1979 Bond is subject to mandatory redemption in the event that the Borrower is required to prepay the amounts payable under the Loan Agreement upon the occurrence of a "Determination of Taxibility," as defined in Section 7.3 of the Loan Agreement. If called for redemption upon the occurrence of a Determination of Taxability, this Series 1979 Bond shall be subject to redemption by the Issuer at any time in whole and not in part, at the option of the Borrower (1) by the delivery from the Borrower to the Bond Purchaser, in exchange for the Series 1979 Bond, of its own corporate note in the principal amount equal to the unpaid principal of the Series 1979 Bond at that time, bearing interest at a rate equal to the taxable equivalent rate described below, plus the payment of an amount equal to (i) the amount necessary so that after giving effect to the receipt thereof by the Bond Purchaser, the Bond Purchaser shall have received interest on the Series 1979 Bond at the after-tax equivalent rate (to be calculated by assuming that the Bond Purchaser paid federal income taxes on interest on the Series 1979 Bond at the marginal rate of federal income taxation for ordinary corporate income in effect at the time (presently 46%) that the Bond Purchaser received such income) of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year) for the period elapsed between the "Event of Taxability," as such term is defined in Section 7.3 of the Loan Agreement, and the date of redemption, plus (ii) any penalties or interest which the Bond Purchaser may have had to pay as a result of interest on the Series 1979 Bond being deemed taxable; any corporate note of the Borrower so delivered shall be subject to, and governed by, the provisions of the Loan Agreement and the Bond Ordinance, and shall be secured by the Mortgage, the Collateral Security Agreement and the Loan Agreement, as fully as if such corporate note was this Series 1979 Bond issued under the Bond Ordinance; or (2) at a redemption price equal to the unpaid principal amount thereof, plus accrued interest to the date of redemption, plus a premium equal to (i) the amount necessary so that after giving effect to the receipt thereof by the Bond Purchaser, the Bond Purchaser shall have received the interest on the principal amount of the Series 1979 Bond then outstanding at the after-tax equivalent rate (to be calculated by assuming that the Bond Purchaser paid federal income taxes on interest on the Series 1979 Bond at the marginal rate of federal income taxation for ordinary corporate income in effect at the time (presently 46%) that the Bond Purchaser received such income) of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year) for the period elapsed between the "Event of Taxability," as such term is degned in Section 7.3 of the Loan Agreement, and the date of redemption, plus (ii) any penalties or interest which the Bond Purchaser may have had to pay as a result of interest on this Series 1979 Bond being deemed taxable; such amount constituting the total compensation due the owner of this Series 1979 Bond as a result of an Event of Taxability.

Any person who was an owner of this Series 1979 Bond both at the time of an "Event of Taxability" (as defined in Section 7.3 of the Loan Agreement) and at the maturity or redemption (in whole or in part) hereof prior to the aforesaid redemption date resulting from an Event of Taxability shall, upon presentation to the Issuer and the Borrower in writing of proof satisfactory to the Issuer and Borrower that he was the owner of this Series 1979 Bond at such times, be entitled to an amount equal to (i) the amount necessary so that after giving effect to the receipt thereof by the Bond Purchaser, the Bond Purchaser shall have received interest on the principal amount of the Series 1979 Bond not then outstanding, but which was outstanding at the time of the "Event of Taxability," as such term is defined in Section 7.3 of the Loan Agreement, at the after-tax equivalent rate of seven and one-half percent (7.50%) per annum (based for actual days elapsed on a 360 day year) for the period elapsed between the "Event of Taxability," and the date on which such principal amount of this Series 1979 Bond was paid or redeemed plus (ii) any penalties or interest which the Bond Purchaser may have had to pay as a result of interest on this Series 1979 Bond (or portion hereof) being deemed taxable; such amount constituting the total compensation due the owner of this Series 1979 Bond (or portion hereof) as a result of an Event of Taxability.

In the event any principal over and above the principal required to be paid on a quarterly basis is intended to be prepaid as aforesaid, notice thereof identifying the amount of principal to be prepaid shall be given in the name of the Issuer by the Borrower or the Issuer by mailing (by certified or registered mail postage prepaid, return receipt requested) a copy of the prepayment notice at least thirty (30) days and not more than ninety (90) days prior to the date fixed for prepayment, to the owner of each Bond to be prepaid at the address furnished to the Issuer and the Borrower in writing by such owner, unless such notice is waived by the owners of the Bonds; provided, however, that failure to give such notice by mailing, or any defect therein, shall not affect the validity of any proceedings for the prepayment of principal with respect to which no such failure has occurred. The unpaid portions of the Bonds shall continue to bear interest until paid. Payment will be made upon presentation and surrender of the Bonds to be prepaid.

If the Issuer shall default in the due and punctual payment of the interest on, or the principal of, or premium, if any, on any Bond when and as the same shall become due and payable, at maturity, by acceleration or otherwise, or if a default under the Bond Ordinance, the Loan Agreement, the Collateral Security Agreement, the Mortgage or the Assignment shall occur as provided therein, then, and at any time thereafter, unless and until the default shall have been cured or shall have been waived in the manner provided therein, the owner of this Series 1979 Bond may, upon written notice given by certified or registered mail to the Issuer, the Borrower and the owners of the remainder of the Bonds at the time outstanding under the Bond Ordinance, declare this Series 1979 Bond to be due and payable, and may proceed to enforce the rights embodied in this Series 1979 Bond, and any and all such other rights as the owner of this Series 1979 Bond may have, either by suit in equity or by action at law, or both.

The Bonds are payable solely from the revenues and receipts derived from the Loan Agreement and the Project, and otherwise as provided in the Bond Ordinance, the Collateral Security Agreement, the Assignment, the Mortgage and the Loan Agreement. Pursuant to the provisions of the Loan Agreement, amounts sufficient in the aggregate for the prompt payment when due of the principal of, premium, if any, and interest on the Bonds are to be paid directly to the registered owners of such Bonds for the account of the Issuer pursuant to the terms and provisions of the Assignment. Any payments on the Bonds made to any registered owner or representative thereof by the Borrower or the Issuer, or for the account of the Borrower or the Issuer, shall for all purposes and in every respect be deemed a payment of the Bonds, and such funds shall be applied to the payment of the Bonds and shall satisfy and discharge the liability of the Issuer upon the Bonds.

The Bonds do not constitute, and shall not be deemed to constitute, either a general obligation or indebtedness of the Issuer, the County of Cook, or the State of Illinois or any other political subdivision thereof, or a loan of credit thereof within the meaning of any constitutional or statutory provision of the State of Illinois; but such Bonds shall be payable solely from the funds provided therefor as provided in the Bond Ordinance. Neither the faith and credit nor the taxing power of the State of Illinois, the Issuer, the County of Cook, or any other political subdivision of the State of Illinois is pledged to the payment of the principal of such Bonds, the interest or any premium thereon, or other cost incident thereto, and neither the State of Illinois, the County of Cook, nor any other political subdivision of the State of Illinois shall be liable thereon. Neither the members of the Issuer nor any person executing the Bonds shall be personally liable on the Bonds solely by reason of issuance thereof.

In certain events, on the conditions, in the manner and with the effect set forth in the Bond Ordinance, the principal of all of the Bonds issued under the Bond Ordinance, and then outstanding, may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon. Modifications or alterations of the Bond Ordinance, the Loan Agreement, the Assignment, the Mortgage and the Collateral Security Agreement may be made only to the extent and in the circumstances permitted by the Bond Ordinance.

It Is Hereby Certified, Recited and Declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the passage and approval of the Bond Ordinance and the issuance of this Series 1979 Bond do exist, have happened and have been performed in due time, form and manner as required by law; and that the issuance of this Series 1979 Bond, together with all other obligations of the Issuer relating hereto, shall not constitute an indebtedness of the Issuer, the County of Cook, the State of Illinois or of any other political subdivision thereof within the meaning of any constitutional or statutory provision of the State of Illinois.

SECTION 11. *Execution and Delivery of the Bonds; Deposit of Bond Proceeds; Designation of Fiscal Agent by Issuer.* The Mayor and the City Clerk of the Issuer are hereby authorized and directed to prepare and execute, in the manner hereinbefore specified, the Series 1979 Bond herein authorized, and to deliver the Series 1979 Bond to the purchaser thereof upon receipt of the purchase price therefor, namely 100% of the principal amount thereof. The First National Bank of Chicago, Chicago, Illinois, is hereby designated Fiscal Agent for the Issuer for the purposes of, among other things, (i) serving as the depository of the proceeds of the Bonds as provided herein, (ii) establishing and maintaining the Construction Fund as provided in Section 13 hereof, and (iii) performing such other obligations and responsibilities as shall be provided herein, in the Loan Agreement, the Fiscal Agent Agreement, the Mortgage, the Collateral Security Agreement and the Assignment. The rights and duties of the Fiscal Agent are further specified in Section 32 of this Bond Ordinance. The proceeds of said Bonds shall be deposited with the Fiscal Agent and applied as provided in Section 3.3 of the Loan Agreement and Section 13 hereof.

SECTION 12. *Evidence of Signatures of Bondowners; Ownership of Bonds.* Any request, consent, revocation of consent or other instrument which this Bond Ordinance may require or permit to be signed and executed by the owners of the Bonds may be in one or more counterparts of similar tenor, and shall be signed or executed by such owners of the Bonds in person or by their attorneys appointed in writing. Proof of (i) the execution of any such instrument, or of an instrument appointing any such attorney, or (ii) the ownership by any Person of the Bonds shall be sufficient for any purpose of this Bond Ordinance (except as otherwise herein expressly provided) if made in the following manner, or in any other manner satisfactory to the Issuer, the Fiscal Agent or the Borrower, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The fact and the date of the execution by any owner of the Bonds or his attorney of such instruments may be proved by a guarantee of the signature thereon by a bank or trust company, or by the certificate of any notary public or other officer authorized to take acknowledgements of deeds, that the individual signing such request or other instrument acknowledged to him the execution thereof and exhibited before him the Bonds to which an ownership claim has been made, or by an affidavit of a witness of such execution and presentation, duly sworn to before such notary public or other officer. Where such execution is by an officer of a corporation or association, or a member of a partnership, on behalf of such corporation, association or partnership, such signature guarantee, certificate or affidavit shall also constitute sufficient proof of authority.

Any request or consent by the owner of any Bond shall bind all future owners of such Bond, and of any Bond issued in exchange therefor or on replacement thereof, with respect to anything done or suffered to be done by the Issuer, the Fiscal Agent or the Borrower in accordance therewith.

SECTION 13. *Construction Fund.* There is hereby authorized and ordered to be established in the custody of the Fiscal Agent, a separate trust fund designated the "ABC Rubber Co. Construction Fund (City of Chicago)" (the "Construction Fund"). The Fiscal Agent shall promptly deposit the proceeds derived from the sale of the Series 1979 Bond into the Construction Fund. The Construction Fund shall be used for the purpose of providing moneys to pay the Cost the Project, in the manner and as provided in Section 3.3 of the Loan Agreement. Any moneys not required for said purpose shall, when the Project is certified as having been completed as provided in Section 3.5 of the Loan Agreement, be applied by the Fiscal Agent in the manner provided in Section 3.3(k) of the Loan Agreement.

SECTION 14. *Investments.* As used herein, the term "Permitted Investments" shall mean those investments permitted by Section 3.8 of the Loan Agreement.

Moneys held in the Construction Fund or in any other trust fund, upon instructions from the Borrower, shall be invested by the Fiscal Agent in Permitted Investments. No investment shall be made pursuant to this Section for a period longer than the time period, determined by the Fiscal Agent, for which said moneys are not required for the purpose for which they are intended. All proceeds of, interest on and profit realized from investments held in any trust fund shall accrue to and become a part of the appropriate trust fund, and any loss resulting from such investment shall be charged to such fund and paid by the Borrower to the Fiscal Agent on demand of the Fiscal Agent from the Borrower's own funds.

SECTION 15. *Application of the Construction Fund.* The Fiscal Agent is authorized and directed to apply the amounts in the Construction Fund to the payment or reimbursement of the Cost of the Project.

The Fiscal Agent is hereby authorized and directed to make payments and reimbursements from the Construction Fund upon a requisition submitted to the Fiscal Agent and signed by the Authorized Borrower Representative in conformance in all respects with the requirements contained in Section 3.3 of the Loan Agreement. Each requisition shall certify each item thereof as correct and proper under this Section, and that none of the items for which the requisition is made has formed the basis for any payment or reimbursement theretofore made from the Construction Fund, and shall have attached thereto proof of payment or an invoice, and, if appropriate, a bill of sale therefor. The Fiscal Agent shall keep and maintain adequate records pertaining to the Construction Fund and all disbursements therefrom, and shall file an accounting thereof with the Issuer and the Borrower annually on the anniversary of the date of the issuance and delivery of the Series 1979 Bond until completion of the Project, as evidenced by the certificate required by Section 3.5 of the Loan Agreement.

SECTION 16. *Completion of the Project.* The completion of the Project and the payment of all costs and expenses incident thereto shall be evidenced by the filing with the Bond Purchaser, the Issuer and the Fiscal Agent of the certificate of the Authorized Borrower Representative required by the provisions of Section 3.5 of the Loan Agreement. As soon as is practicable, and in any event not more than sixty (60) days from the date of the certificate referred to in the preceding sentence, any balance remaining in the Construction Fund other than the amounts retained by the Fiscal Agent for the Cost of the Project not then due and payable (said balance being referred to in the Loan Agreement as "Surplus Construction Fund Money") shall be applied as provided in Section 3.3(k) of the Loan Agreement.

SECTION 17. *Payment of Principal and Interest; Condition of the Issuer's Obligations.* The Issuer covenants that it will promptly pay, or cause to be paid, the principal of, premium, if any, and interest on every Bond, including the payment of installments of principal required with respect thereto, at the place, on the dates and in the manner provided in this Bond Ordinance and in the Bonds according to the true intent and meaning hereof and thereof. The principal of, premium, if any, and interest on the Bonds are payable solely from the revenues and receipts derived from or in connection with the Loan Agreement and the Project (but excluding those amounts derived by the Issuer pursuant to its Unassigned Rights), which revenues and receipts are hereby specifically pledged to the payment thereof in the manner and to the extent specified in this Bond Ordinance and the Assign-

ment. The Bonds are further secured by, among other things, the Loan Agreement, the Mortgage, the Assignment, the Collateral Security Agreement and the Construction Fund. The Issuer shall not be required under this Bond Ordinance, the Mortgage, the Collateral Security Agreement, the Assignment or the Loan Agreement to expend any of its funds other than (i) the proceeds derived from the sale of the bonds, (ii) the income, revenues, receipts and other moneys derived from the Loan Agreement or the Project (but excluding revenues and receipts derived by the Issuer pursuant to its Unassigned Rights), (iii) any income or gains therefrom, and (iv) condemnation awards or insurance proceeds with respect to the Project. Each and every covenant herein made, including all covenants made in the various sections of this Bond Ordinance, is predicated upon the condition that any obligation for the payment of money incurred by the Issuer shall not constitute an indebtedness of the Issuer or a loan of credit thereof within the meaning of any constitutional or statutory provision, but shall be payable solely from the revenues and receipts derived from or in connection with the Project, including all moneys received by the Issuer (or its assignee under the Assignment) under the Loan Agreement, which revenues and receipts are hereby specifically pledged to the payment thereof in the manner and to the extent in this Bond Ordinance and the Assignment specified; and nothing in the Bonds or this Bond Ordinance shall be considered to pledge any other funds or assets of the Issuer.

Any provision of this Bond Ordinance to the contrary notwithstanding, the Issuer shall not be obligated to take any action or execute any instrument pursuant to any provision hereof (other than its obligations to pay principal of, premium, if any, and interest on the Bonds), unless (i) it shall have been requested to do so by the owner of any such Bond in writing, and (ii) if compliance with such request can reasonably be expected to result in the incurrence by the Issuer of any fees or expenses, it shall have received from the Borrower or the owner of the Bond assurances reasonably satisfactory to the Issuer that the Issuer will be promptly reimbursed for the full amount of such fees and expenses; provided, however, that no limitation on the obligations of the Issuer contained herein by virtue of any lack of assurances provided in (ii) above shall be deemed to prevent the occurrence and full force and effect of an event of default hereunder.

SECTION 18. *Particular Covenants of the Issuer.* Except as provided in Section 17 hereof, as long as any of the principal of, premium, if any, and interest on the Bonds herein authorized remains outstanding and unpaid, or until Provision has been made for the payment thereof, the Issuer covenants with each of the owners of said Bonds as follows:

(a) The Issuer will comply fully with all the terms, provisions and conditions of the Loan Agreement, the Assignment, the Mortgage, the Collateral Security Agreement and the Fiscal Agent Agreement which require performance by, or impose duties on, the Issuer, and will not permit any default to occur on the part of the Issuer hereunder or thereunder; will fully and promptly enforce all of the terms, provisions and conditions of the Loan Agreement which require performance by, or impose duties on, the Borrower; and in the event of the occurrence of an event of default, as defined in the Loan Agreement, will, subject to the Assignment, the Mortgage and the Collateral Security Agreement, exercise, or cause to be exercised, all of the rights and remedies conferred upon the Issuer by the Loan Agreement for the full and complete protection of the security and rights of the owners of the Bonds.

(b) The Issuer will enforce collection of the loan repayments and the payment of other fees, expenses and charges in the amounts and at the times set forth in the Loan Agreement authorized hereby, and will not reduce, or cause or permit to be reduced, the loan repayments and other fees, expenses and charges fixed, established and required by the Loan Agreement, nor change or alter the time or times when the same are due and payable under said Loan Agreement. The Issuer's obligation to pay the expenses of such enforcement shall be limited to funds made available to it for that purpose by the owners of the Bonds, or other interested parties.

(c) Until payment of all of the Bonds and interest thereon has been duly made or provided for, the Issuer will not consent to any change, amendment, modification or termination of the Loan Agreement, except otherwise as provided herein or therein.

(d) Any Net Proceeds of condemnation awards or insurance coverage, any amounts received pursuant to any sale under threat of condemnation, any funds which are received by the Issuer pursuant to the termination of the Loan Agreement, or any other funds intended for the purpose of paying the Bonds, will be used solely and exclusively to pay the Bonds herein authorized and the interest thereon according to their terms, or to prepay any of the principal of said Bonds then outstanding and unpaid and then subject to prepayment. Upon receipt of any such funds, the Issuer shall proceed promptly to prepay principal on the Bonds over and above the principal required to be paid on a quarterly basis, and shall give the notice, or cause the notice to be given, thereof provided for by the terms of this Bond Ordinance.

(e) The Issuer will not issue any other obligations payable from payments to be made by the Borrower pursuant to the Loan Agreement, nor voluntarily create or cause to be created any debt, lien, pledge, assignment, encumbrance or other charge on said payments or on the property and rights subject to the Loan Agreement, except as provided in Sections 33 and 34 hereof, nor will it, unless required by law or by the terms of the Loan Agreement or the Assignment, sell or otherwise dispose of its interest in the Loan Agreement or any part thereof.

(f) The Borrower has agreed to keep the Project insured in the manner provided for by the Loan Agreement. The Issuer's share, if any, of the Net Proceeds of any such insurance policies shall be payable to and deposited with the Bond Purchaser. Any of the Net Proceeds of such policies shall be used and applied in the manner set forth in the Loan Agreement. The Borrower will also pay, as provided in the Loan Agreement, all lawful taxes, assessments and charges at any time levied or assessed upon or against the Project, or any part thereof, failure to pay which might impair or prejudice the lien and priority of the Mortgage, the Collateral Security Agreement, the Loan Agreement or the Assignment; provided, however, that nothing contained herein shall require the payment of any such taxes, assessments or charges if the same are not required to be paid under the provisions of Section 5.7 of the Loan Agreement.

(g) The Issuer will cause the Fiscal Agent to maintain adequate records and accounts, separate and apart from all other records or accounts of the Issuer or the Fiscal Agent, and such records and accounts shall be maintained in accordance with generally accepted principles of accounting, and shall include complete details of all financial transactions relating to the Bonds and the Project. Such books and records shall be available for inspection by the agents of the Borrower or any of the owners of the Bonds during the regular business hours of the Fiscal Agent.

(h) The Issuer covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Bond Ordinance, in any and every Bond executed and delivered hereunder, and in all proceedings pertaining hereto and thereto. The Issuer covenants that it is duly authorized under the Constitution and laws of the State of Illinois, including particularly and without limitation the Enabling Ordinance, to issue the Bonds authorized hereby, to lend the Borrower the proceeds of the Bonds by means of the Loan Agreement, and to pledge the revenues and receipts (and rights thereto) hereby authorized to be pledged and assigned in the manner and to the extent herein, in the Loan Agreement and in the Assignment set forth; that all action on its part for the issuance of the Bonds and the adoption of this Bond Ordinance has been duly and effectively taken; and that the Bonds in the hands of the owners thereof are and will be valid and enforceable limited obligations of the Issuer according to the import thereof.

SECTION 19. *Insurance and Condemnation Proceeds.* The Loan Agreement provides for the assignment to the Bond Purchaser of certain insurance proceeds and condemnation awards, amounts paid pursuant to sales under threat of condemnation, damages and compensation with respect to the Project which are payable to the Issuer. The Issuer hereby agrees to the application of such moneys in said manner.

SECTION 20. *Amendments or Modifications.* Any provision of the Bonds, this Bond Ordinance, the Loan Agreement, the Mortgage, the Assignment, the Fiscal Agent Agreement or the Collateral Security Agreement may be modified or amended in any respect with the written consent of the owners of all Bonds then Outstanding, provided that the Borrower shall have given its prior approval in writing to any such modification or amendment if the same would permit, or be construed to permit, any change in the obligations of the Borrower as set forth in the Loan Agreement, the Collateral Security Agreement or the Mortgage. Supplements to, and amendments of, this Bond Ordinance, the Loan Agreement, the Mortgage, the Assignment, the Fiscal Agent Agreement or the Collateral Security Agreement which correct omissions or ambiguities, or which add to the security of the owners of the Bonds and are not adverse to the interests of the owners of the Bonds, may be made by the Issuer and the parties thereto when agreed to by the Issuer, the Bond Purchaser and the Borrower. Every amendment or modification of a provision of the Bonds, this Bond Ordinance, the Loan Agreement, the Assignment or the Fiscal Agent Agreement to which the written consent of the owners of the Bonds is given, as above provided, shall be expressed in an ordinance of the Issuer amending or supplementing the provisions of this Bond Ordinance, and shall be deemed to be a part of this Bond Ordinance. It shall not be necessary to note on any outstanding Bond any reference to such amendment or modification. A certified copy of every such amendatory or supplemental ordinance, and a certified copy of this Bond Ordinance, will be sent by the City Clerk of the Issuer to each owner of the Bonds.

The Issuer may enter into any supplemental or amendatory ordinance for any of the purposes of this Section only upon the receipt by it of the writen consent of the owners of all of the Bonds; such consent shall be binding upon all owners of the Bonds and upon any subsequent owners of the Bonds (whether or not such subsequent owners have notice thereof).

No subsequent owner of any Bond shall have any right to object to such supplemental or amendatory ordinance, or to object to any of the terms and thereof, or in any manner to question the propriety of the adoption thereof, or to enjoin or restrain the Issuer from adopting the same or from taking any action pursuant to the provisions thereof.

Upon the adoption of any supplemental or amendatory ordinance pursuant to the provisions of this Section, this Bond Ordinance shall be, and be deemed to be, modified and amended in accordance therewith, and the respective rights, duties and obligations under this Bond Ordinance of the Issuers, the Fiscal Agent, the Borrower and the owners of the Bonds shall thereafter be determined, exercised and enforced under this Bond Ordinance, subject in all respects to such modifications and amendments. Any supplemental or amendatory ordinance authorized and entered into in accordance with the provisions of this Bond Ordinance shall thereafter form a part of this Bond Ordinance, and all the terms and conditions contained in any such supplemental or amendatory ordinance as to any provisions authorized to be contained therein shall be, and shall be deemed to be, part of the terms and conditions of this Bond Ordinance for any and all purposes.

SECTION 21. *Enforcement.* The provisions of this Bond Ordinance shall constitute a contract between the Issuer and the owners of the Bonds, and subject to the provisions of Section 28 hereof, the owner of any one or more of the Bonds may sue to recover interest or principal which has not been paid according to the terms of said Bonds. The owners of the Bonds then Outstanding, in accordance with the provisions of Section 23 hereof and Section 10 of the Assignment, may sue in any action, either at law or in equity, to enforce or compel performance of all duties and obligations required by this Bond Ordinance to be done or performed by the Issuer or by the Borrower.

SECTION 22. *Events of Default.* Each of the events set forth in Section 6.1 of the Loan Agreement, and defined as an "event of default" thereunder, shall constitute, an "event of default" hereunder.

Upon the happening and continuance of any event of default, the owners of the Bonds may appoint a representative to act on their behalf, and such representative shall be and is hereby vested with all of the rights, powers and duties of a trustee appointed by the owners of the Bonds. Upon such occurrence and the giving of written notice to the Borrower and the Issuer by the owners of the Bonds, the owners of all of the Bonds then Outstanding may, by notice in writing delivered to the Issuer and the Borrower, declare the principal of all Bonds then Outstanding and the interest accrued thereon to be due and payable immediately without presentment, demand, protest or other notice of any kind, which are hereby waived, and upon any such declaration the same shall become and be immediately due and payable, anything in this Bond Ordinance or in the Bonds contained to the contrary notwithstanding.

The Issuer hereby grants to the Borrower full authority for the account of the Issuer to perform any covenant or obligation, the non-performance of which is alleged in any notice received by the Borrower to constitute an event of default, in the name and place of the Issuer, with full power to do any and all things and acts to the same extent as the Issuer and perform any such things and acts with the power of substitution.

For purposes of this Section, notice shall be deemed to have been given if given in the manner required by Section 9.1 of the Loan Agreement for the giving of notices thereunder.

SECTION 23. *Foreclosure and Enforcement of Remedies.* Upon the happening and continuance of any event of default, and the giving of notice to the Borrower and the Issuer as provided in Section 22 hereof by the owners of the Bonds, then and in every case the owners of the Bonds may proceed to protect and enforce their rights under the Enabling Ordinance, the Bonds, the Loan Agreement, the Assignment, the Mortgage, the Collateral Security Agreement and this Bond Ordinance forthwith by such suits, actions or special proceedings in equity or at law, or proceedings in the office of any board or officer having jurisdiction, whether for the specific performance of any covenant or agreement contained in this Bond Ordinance, the Loan Agreement, the Assignment, the Collateral Security Agreement or the Mortgage, or in aid of the execution of any power granted herein, therein or in the Enabling Ordinance, or for the enforcement of any legal or equitable rights or remedies, including the sale of all or any part of the Project, subject to statutory requirements, if any, to the highest bidder and all right, title and interest, claim and demand therein and thereto, and all right of redemption thereof, as the owners of the Bonds shall determine.

In the enforcement of any right or remedy under this Bond Ordinance, the Assignment, the Loan Agreement, the Mortgage, the Collateral Security Agreement or the Enabling Ordinance, the owners of the Bonds shall be entitled to sue for, enforce payment on and receive any and all amounts then due and unpaid or becoming due from the Issuer, for principal, interest or otherwise under any provision of this Bond Ordinance, the Enabling Ordinance, the Loan Agreement, the Assignment, the Collateral Security Agreement, the Mortgage or the Bonds, with interest on overdue payments at the rate or rates of interest specified in the Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and thereunder, without prejudice to any other right or remedy of the owners of the Bonds, and to recover and enforce judgment or decree against the Issuer, but solely as provided herein and therein, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect (but solely from the moneys available for said purpose), in any manner provided by law, the moneys adjudged or decreed to be payable.

SECTION 24. *Application of Revenues and Receipts After Default.* All moneys received by the owners of the Bonds pursuant to any right given or action taken under the provisions of this Bond Ordinance shall, after payment of the costs and expenses of the proceedings resulting in the collection of such money, and of the expenses, liabilities and advances incurred or made by the owners of the Bonds, be applied to the payment of the Bonds in such manner as the owners of the Bonds may determine.

Whenever the principal of all of the Bonds, and the premium, if any, and interest thereon, shall have been paid under the provisions of this Section, and all expenses and charges of the owners of the Bonds, the Fiscal Agent and the Issuer shall have been paid, any balance remaining shall be paid to or upon the order of the Borrower.

SECTION 25. *Waivers of Events of Default; Actions by the Owners of the Bonds.* The owners of the Bonds may waive any event of default hereunder upon payment of all amounts in default and after all other defaults have been cured. All rights of action under this Bond Ordinance, the Assignment, the Mortgage, the Loan Agreement, the Collateral Security Agreement or the Bonds may be enforced by the owners of the Bonds without the production thereof at any trial or other proceeding relating thereto, and any such suit or proceeding instituted by the owners of the Bonds shall be brought in their respective names without the necessity of joining as a party plaintiff or defendant the Issuer, and any recovery of judgment will be for the equal benefit of all of the owners of the Bonds.

SECTION 26. *Bondowner Rights not Impaired.* Nothing in this Bond Ordinance, the Assignment, the Loan Agreement, the Collateral Security Agreement or the Mortgage shall affect or impair the right of any owner of any Bond to the payment of the principal of redemption premium, if any, and interest on any bond at and after the maturity thereof, or the obligation of the Issuer to pay the principal of, redemption premium, if any, and interest on each of the Bonds to the respective owners thereof at the time, place, from the source and in the manner herein and in said Bonds expressed.

SECTION 27. *Effect of Discontinuance of Proceedings.* If any proceeding taken by the owners of the Bonds on account of any event of default shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the owners of the Bonds, then and in every such case, the Borrower, the Issuer and the owners of the Bonds shall be restored, respectively, to their former obligations and rights hereunder.

SECTION 28. *Remedies not Exclusive; Delay or Omission.* No remedy by the terms of this Bond Ordinance, the Assignment, the Loan Agreement, the Collateral Security Agreement or the Mortgage conferred upon or reserved to the owners of the Bonds is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to any other remedy given under this Bond Ordinance, the Assignment, the Loan Agreement, the Collateral Security Agreement, the Mortgage or now or hereafter existing at law or in equity.

No delay or omission of the owners of the Bonds to exercise any right or power arising upon any event of default shall impair any right or power, or shall be construed to be a waiver of any such event of default or an acquiescence therein; and every power and remedy given by this Bond Ordinance, the Assignment, the Loan Agreement, the Collateral Security Agreement or the Mortgage to the owners of the Bonds may be exercised from time to time and as often as may be deemed expedient by the owners of the Bonds.

SECTION 29. *Bondowners Control Proceedings.* Subject to the provisions of the preceding Section anything in this Bond Ordinance to the contrary notwithstanding, the owners of all of the Bonds shall have the right, at any time, by an instrument or instruments in writing executed and delivered, effective upon deposit in the mail if sent by registered or certified mail, to the Issuer and the Borrower, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Bond Ordinance, and for the appointment of a receiver or any other proceedings hereunder; provided that such direction shall not be otherwise than in accordance with the provisions of law and of this Bond Ordinance.

SECTION 30. *Acceleration in the Event of Default.* In the event that the principal of or interest on the Bonds herein authorized is not paid according to the terms hereof and thereof either on maturity, mandatory prepayment, call for redemption or the occurrence of an event of default under this Bond Ordinance, the Loan Agreement, the Mortgage or the Assignment, the owners of the Bonds then outstanding, in accordance with the provisions of Section 10 of the Assignment, may, by written notice, effective upon deposit in the mail, and if sent by certified or registered mail, given to the Issuer, declare the principal of all Bonds then outstanding to be due and payable immediately; and upon such declaration given as aforesaid, the principal of, premium, if any, and accrued interest on said Bonds, shall be immediately due and payable, anything in the Bonds or in this Bond Ordinance contained to the contrary notwithstanding. This provision, however, is subject to the condition that if at any time thereafter all arrears of interest, except interest accrued but not due, and of principal shall

have been paid in full, then and in every such case, the owners of the Bonds then outstanding by written notice, effective upon deposit in the mail, and if sent by certified or registered mail, to the Issuer, may rescind and annul such declaration and its consequences, but not such rescission or annulment shall extend to or affect any other event of default, or impair any rights consequent thereon.

SECTION 31. *Defeasance.* If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the owners of all of the Bonds, or their representatives, the principal or redemption premium, if any, and interest due or to become due thereon, at the times and in the manner stipulated in this Bond Ordinance, and if all other amounts due under this Bond Ordinance, the Mortgage, the Loan Agreement, the Collateral Security Agreement and the Assignment are paid in full, then the pledge of any revenues and receipts from or in connection with the Project under this Bond Ordinance, the Loan Agreement, the Collateral Security Agreement, the Mortgage and the Assignment, and the estate and rights hereby, in the Mortgage, the Loan Agreement, the Collateral Security Agreement and the Assignment granted, and all covenants, agreements and other obligations of the Issuer to the owners of the Bonds, shall thereupon cease, terminate, become void, and be discharged and satisfied. In such event, the owners of the Bonds shall cancel and discharge the lien of this Bond Ordinance, the Assignment, the Loan Agreement, the Collateral Security Agreement and the Mortgage, and shall execute and deliver to the Issuer and the Borrower, and record in all offices appropriate therefor, all such instruments as may be appropriate to satisfy such lien and to evidence such discharge and satisfaction, and the Fiscal Agent, the Issuer and the owners of the Bonds shall pay over and deliver to the Borrower or its order all moneys or securities held by them or their representative pursuant to this Bond Ordinance which are not required for the payment of the principal of, redemption premium, if any, or interest on the Bonds not theretofore paid or redeemed and all other amounts due under this Bond Ordinance.

All Bonds paid or redeemed in full shall be returned to the Issuer for cancellation prior to their delivery to the Borrower.

SECTION 32. *Provisions Relating to the Fiscal Agent.*

(a) The Fiscal Agent shall signify its acceptance of its duties and obligations hereunder, under the Assignment, the Loan Agreement, the Mortgage and the Collateral Security Agreement by its execution of the Fiscal Agent Agreement. All provisions of this Section shall be construed as extending to and including all of the rights, duties and obligations imposed upon the Fiscal Agent under the Assignment, the Loan Agreement, the Mortgage and the Collateral Security Agreement as fully for all intents and purposes as if this Section were contained therein.

(b) (i) The Fiscal Agent shall have no responsibility for the validity or sufficiency of this Bond Ordinance, the Assignment, the Loan Agreement, the Mortgage, the Collateral Security Agreement or the security provided hereunder and thereunder, or for the due execution hereof and thereof by the Issuer, or in respect of the title or the value of the Project, or in respect of the validity of any Bonds issued hereunder, or to see to the recording or filing of this Bond Ordinance, the Assignment, the Loan Agreement, the Mortgage, the Collateral Security Agreement, any financing statement or any other document or instrument whatsoever. The recitals, statements and representations contained in this Bond Ordinance and in the Bonds shall be construed as having been made by and on the part of the Issuer, and not by and on the part of the Fiscal Agent, and the Fiscal Agent does not assume any responsibility for the correctness of the same.

(ii) The Fiscal Agent shall not be liable or responsible for the failure of the Issuer to perform any act required of it by this Bond Ordinance, or for the loss of any moneys arising through the insolvency or the act, default or omission of any depository other than itself in which such moneys shall have been deposited under this Bond Ordinance. The Fiscal Agent shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, invested, withdrawn or transferred in accordance with this Bond Ordinance, or for any loss resulting from any such investment. SECTION 43. *Maintenance and Repairs; Insurance.* Pursuant to Section 5.6 of the Loan Agreement, the Borrower has agreed that it will at all times cause the Project to be maintained, preserved and kept in good condition, repair and working order, and that it will from time to time cause to be made all needed repairs so that the operation and business pertaining to the Project shall at all times be conducted properly, and so that the Project shall be fully maintained.

Pursuant to Section 5.9 of the Loan Agreement, the Borrower has agreed to keep, or cause to be kept, at all times while the Bonds are outstanding, the Project insured against loss or damage by fire, with standard extended coverage endorsement in the amounts and in the manner provided in Section 5.6 of the Loan Agreement.

SECTION 46. *Covenants, Stipulations, Obligations and Agreements of the Issuer.* All covenants, stipulations, obligations and agreements of the Issuer contained in this Bond Ordinance, in the Loan Agreement, the Fiscal Agent Agreement and the Assignment shall be deemed to be the covenants, stipulations, obligations and agreements of the Issuer to the full extent authorized or permitted by law, and all such covenants, stipulations, obligations and agreements shall be binding upon the Issuer and its successors from time to time, and upon any board or body to which any powers or duties affecting such covenants, stipulations, obligations and agreements shall be transferred by or in accordance with law; and, except as otherwise provided in this Bond Ordinance or in the other instruments contemplated hereby to which the Issuer is or is to be a party, all rights, powers and privileges conferred, and duties and liabilities imposed, upon the Issuer or its successors from time to time by the provisions of this Bond Ordinance, the Fiscal Agent Agreement, the Assignment or the Loan Agreement shall be executed or performed by the Issuer or by such officers, board or body as may be required by law to exercise such powers and to perform such duties.

No covenant, stipulation, obligation or agreement herein contained, or contained in the Fiscal Agent Agreement, the Assignment or the Loan Agreement, shall be deemed to be a covenant, stipulation, obligation or agreement of any officer, agent or employee of the Issuer, nor shall any officer executing the Bonds be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

SECTION 47. *Small Issue Election.* The Issuer hereby elects to have the provisions of Section 103(b)(6)(D) of the Internal Revenue Code of 1954, as amended (the "Code"), applied to the Series 1979 Bond approved and authorized pursuant to this Bond Ordinance, and the Mayor and the City Clerk of the Issuer be, and they hereby are, authorized, empowered and directed to take any and all further action which may be required to implement and effectuate such election, including, without limitation, the preparation and filing of such statements or other documents as may be deemed by them to be necessary or advisable in order to comply with the procedures set forth in Section 1.103-10(b)(2)(vi) of the Income Tax Regulations (26 CFR Part 1) promulgated under Section 103 of the Code, and all acts heretofore taken by them in this connection are hereby ratified and confirmed.

Plans and specifications for the equipment and vault, or other protective structure, must be submitted to and be approved by the City's Commissioner of Water and Sewers before an authorization for installing the meters and related devices will be issued. The South Stickney Sanitary District shall place the meters and related devices in a vault or other protective structure near the City limits and keep the vault or protective structure accessible and safe to work in at all times.

(23) The City's representative will regularly inspect the meters measuring the supply of water furnished and will repair or replace any meter or part of a meter which has a total registration greater than authorized, or which has been in service for a period longer than authorized or which is known or suspected to be registering incorrectly. All such repairs or replacements shall be made by the City's representatives and the South Stickney Sanitary District shall pay for repairs and replacement made.

(24) When it is determined that a water meter registered incorrectly, an estimate of the amount of water furnished through the faulty meter shall be prepared by the City's Commissioner of Water and Sewers for the purpose of billing the South Stickney Sanitary District. The estimate shall be based upon the average of twelve preceding readings of the meter, exclusive of incorrect readings. SECTION 1. That the Mayor is hereby authorized and directed to execute, the City Clerk to attest, the Commissioner of Water and Sewers to approve and the City Comptroller to accept and file for record, upon the approval of the Corporation Counsel as to form and legality, a Water Supply Contract between the City of Chicago and the Village of Bridgeview to be substantially in form as follows:

This Agreement made and entered into this 16th day of July, A.D. 1979, and executed in sextuplicate originals (each executed copy constituting an original) by and between the City of Chicago, a Municipal Corporation, organized and existing under and by virtue of the laws of the State of Illinois, party of the first part, hereinafter called the "City", and the Village of Bridgeview in Cook County, Illinois, located within the Metropolitan Sanitary District of Greater Chicago; party of the second part.

WITNESSETH:

Whereas, Said City of Chicago and the Village of Bridgeview entered into a ten year agreement on the 29th day of April, A.D. 1963, which has expired, for the furnishing from the City's water mains at the City limits, S. Harlem Avenue and W. 65th Street, a supply of water for consumers located within the territorial limits of the Village of Bridgeview not to exceed an annual average of 226,000 gallons per day in 1963 increasing to 1,600,000 gallons per day in 1972 with the maximum rate of flow from the City's mains not to exceed twice the annual average daily withdrawal; and

Whereas, The City of Chicago is willing to enter into a new water supply contract with the Village of Bridgeview and furnish water from existing connection to City's water mains at the City limits, S. Harlem Avenue and W. 65th Street.

Now, Therefore, in consideration of the mutual covenants and agreements hereinafter contained, the parties agree with each other as follows:

A. Service to Be Furnished

(1) The City agrees to furnish to the Village of Bridgeview and the Village of Bridgeview agrees to purchase and take from the City under and in accordance with the terms hereof, a supply of water through metered connection authorized by the Commissioner of Water and Sewers of the City from the City's water mains at the City limits, S. Harlem Avenue and W. 65th Street to be used by the Village of Bridgeview in supplying water to consumers located within the corporate limits of the Village of Bridgeview.

B. Quantity of Water to Be Furnished

(1) For consumers located within the corporate limits of the Village of Bridgeview, the quantities of water for the years are as indicated:

Year	*Annual Average Daily Quantity in Gallons*
1979	2,835,165
1980	2,950,226
1981	
1982	
1983	
1984	
1985	
1986	
1987	
1988	

These quantities are in accordance with the allocations made to the separate entities by the Illinois Department of Transportation.

(2) Amounts for average daily use after 1980 during term of this agreement and any renewals thereof will be the amounts as allocated by the State of Illinois, Bureau of Resource Management. Said amounts will be added to this agreement by letter upon receipts by the City of said State allocation.

(3) The water supplied and taken in accordance with this contract shall be withdrawn at times during the 24 hours of each day in order to maintain as even an amount of withdrawal as possible with a minimum number of on-off cycles. The maximum hourly rate of withdrawal of water from the City's mains should not exceed twice the annual average daily contract amount.

(4) The Village of Bridgeview agrees to install a flow control system at the meter vault on existing water service connection to City's water main at the City limits, S. Harlem Avenue and W. 65th Street, when requested by the City, in order to regulate the flow of water as herein provided.

C. Standard Terms and Conditions

I. General

(1) This agreement shall be in force and effect for a period ending ten years from the date hereof, subject, however, to the option of the Village of Bridgeview to renew said agreement for successive like terms, written notice thereof to be submitted to the City six months prior to the expiration of each said ten year term.

(2) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions as to bind the City by making any promise or representation not contained herein.

(3) This agreement shall not be assigned or transferred by either party.

(4) This agreement will be subject to cancellation in the event a court of competent jurisdiction restricts or limits, directly or indirectly, any of the City's rights to obtain, sell, contract for or distribute Lake Michigan water.

(5) The quantity of water supplied under this contract shall not exceed the amount of Lake Michigan water allocated the Village of Bridgeview by the Illinois Department of Transportation.

(6) The City will not be responsible in damages for any interruption or failure to supply water and shall be saved and held harmless from all damage of any kind, nature and description which may arise as a result of making this agreement and furnishing water hereunder.

(7) The Village of Bridgeview may not permit any water furnished hereunder to be used to supply any party outside their territorial limits, except as provided for herein, without specific approval of the City Council of the City. This shall not apply to emergency service provided to other City water users.

II. Reporting Requirements

(8) The Village of Bridgeview shall submit quarterly reports to the City listing all consumers located outside their territorial limits showing location, character of occupancy and amount used by each during the period covered.

(9) The Village of Bridgeview shall maintain suitable records of the hourly and daily consumption of water by the consumers and these records shall be available to the City at all reasonable times.

(10) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village of Bridgeview agrees to submit to the Commissioner of Water and Sewers of the City a written copy of the prevailing water rate schedule as applicable to its water consumers. It shall include all rates and relevant information and the premise on which rates have been furnished.

(11) The Village of Bridgeview shall submit to the City by the 10th day of each month, a report showing the amount of water received the previous month from the City and the amount furnished to consumers. The Village of Bridgeview shall also furnish water system plats, zoning maps and such other information regarding billing, collection and delinquencies as may be requested by the City from time to time.

III. Reservations

(12) The City reserves the right to require the Village of Bridgeview to deposit, in advance, a sum equal to the estimated costs for water supply during a period of ninety days at the prevailing metered rate.

(13) The City reserves the right to inspect, test, repair and replace the water meters as required. Such replacements or repairs shall be charged to and paid by the Village of Bridgeview.

IV. Water Quality

(14) The City shall supply the Village of Bridgeview with water of a quality commensurate with that furnished to its consumers within its City limits.

(15) The Village of Bridgeview shall receive its supply of water from the City by means or method approved by the City's Commissioner of Water and Sewers. The City of Chicago water system must be safeguarded by means of an air gap at the receiving reservoir. When the requirement for a receiving reservoir is waived to permit a direct connection for emergency use, a backflow preventer, approved by the Commissioner, must be installed.

(16) The City bears no degree of responsibility for the water quality at any point beyond the meter vault. The Village of Bridgeview bears the responsibility for maintaining the water quality at any point beyond the meter vault and within its distribution system.

(17) The Village of Bridgeview shall notify and keep the City informed of the responsible individual in charge of operations.

(18) The Village of Bridgeview shall immediately notify the City's Commissioner of Water and Sewers of any emergency or condition which may affect the quality of water in either party's system.

(19) The City reserves the right to make inspections of those facilities which may affect the quality of the water supplied to the Village of Bridgeview and to perform required tests.

V. Equipment and Operation

(20) The Village of Bridgeview shall provide and maintain all service mains and valves and bear the costs for connecting said mains to and severing them from the City's water system. Each service main shall be equipped with a valve located within the City limits and said valve shall be under the sole and complete control of the City and will mark the limit of the City's responsibility for maintenance of the piping system.

(21) The Village of Bridgeview shall provide and maintain any and all devices expressly requested by the City's Commissioner of Water and Sewers for the purpose of controlling, measuring, transmitting and recording flows of the supply of water furnished and the transmitting and recording of pressures, reservoir levels and other required operational information.

(22) The Village of Bridgeview shall provide the meters, vaults with sump pumps and related devices, adhering to City Standard Practices, for measuring the supply of water furnished. Meters provided must be delivered to the City Meter Shop for testing and picked up promptly after testing, all at the expense of the Village of Bridgeview prior to installation by them. Plans and specifications for the equipment and vault, or other protective structure, must be submitted to and be approved by the City's Commissioner of Water and Sewers before an authorization for installing the meters and related devices will be issued. The Village of Bridgeview shall place the meters and related devices in a vault or other protective structure near the City limits and keep the vault or protective structure accessible and safe to work in at all times.

(23) The City's representative will regularly inspect the meter measuring the supply of water furnished and will repair or replace any meter or part of a meter which has a total registration greater than authorized, or which has been in service for a period longer than authorized or which is known or suspected to be registering incorrectly. All such repairs or replacements shall be made by the City's representatives and the Village of Bridgeview shall pay for repairs and replacement made.

(24) When it is determined that a water meter registered incorrectly, an estimate of the amount of water furnished through the faulty meter shall be prepared by the City's Commissioner of Water and Sewers for the purpose of billing the Village of Bridgeview. The estimate shall be based upon the average of twelve preceding readings of the meter, exclusive of incorrect readings. When less than twelve correct readings are available, fewer readings, including some obtained after the period of incorrect registration, may be used.

(25) The Village of Bridgeview shall provide and maintain reservoirs of sufficient capacity to store twice the annual daily average consumption of water.

VI. Rates and Discounts

(26) Charges for water furnished to the Village of Bridgeview for consumers within its corporate limits and to municipalities within the Metropolitan Sanitary District of Greater Chicago served by the Village of Bridgeview shall be at the rate fixed for like large quantities of water furnished through meters to consumers inside the City, said rate being fixed by City Ordinance.

(27) Charges for water furnished to the Village of Bridgeview for consumers (private persons or corporations) not within its corporate limits shall be fifty per cent higher than the rate for like large quantities of water furnished through meters to consumers inside the City.

(28) Charges for water furnished to the Village of Bridgeview for consumers in unincorporated areas or for consumers not within the Metropolitan Sanitary District of Greater Chicago shall be fifty per cent higher than the rate for like large quantities of water furnished through meters to consumers inside the City.

(29) The Village of Bridgeview shall be entitled to the same discount for prompt payment of water bills as is allowed to metered customers inside the City.

In Witness Whereof, the City of Chicago has caused this agreement to be signed in sextuplicate originals (each executed copy constituting an original) by its Commissioner of Water and Sewers, countersigned by its Comptroller, approved by its Mayor, and its Corporate Seal to be hereto affixed and duly attested by its Clerk; the Village of Bridgeview has caused the same to be signed in sextuplicate originals (each executed copy constituting an original) by its President of the Board of Trustees and its Corporate Seal to be hereto affixed, duly attested by its Clerk, on the date and year first above written.

October 11, 1979 Proclaimed "Pulaski Day" in Chicago.

A proposed resolution reading as follows:

WHEREAS, Thursday, October 11, 1979 marks the 200th anniversary of the death of General Casimir Pulaski, Polish war hero of two continents, who gave his life for the independence of America; and,

WHEREAS, Celebrations all over the United States are being planned to appropriately mark this historic date in American history; and,

WHEREAS, General Casimir Pulaski made the supreme sacrifice that we Americans may enjoy the full fruits of liberty and human dignity; and,

WHEREAS, The *Chicago Tribune*, in its almanac by Herb Daniels, stated the case for Casimir Pulaski and the Polish nation from which he came so eloquently; and

WHEREAS, The *Chicago Tribune* article stated:

"Pulaski Day, Thursday, is the 200th anniversary of the death of Count Casimir Pulaski, the Revolutionary War Hero who was fatally wounded in 1779 at the Battle of Savannah. He was born in Lithuania, then part of Poland, March 4, 1978. He fought for Polish freedom against Russia. When his forces were defeated, he joined the Turkish army, then at war with Russia. Turkey lost that one. Pulaski fled to France, where Ben Franklin persuaded him in 1777 to come to America to help the good guys.

At age 30 he was a brigadier general commanding a cavalry corps at the siege of Savannah, where he was killed. He was not our only Polish hero of that War. Another was Tadeusz Kosciusko (called Kosky by his warm friend, Washington), who fought through the Revolution.

These are the Poles Americans know best, but there have been countless other remarkable Poles. Not the least are the more than six million Poles who died in World War II of whom half were Polish Jews.

The death toll came to more than 200 of every 1,000 of Poland's population, By contrast, eight out of 1,000 died for Britain, and 1.4 per 1,000 for the U.S. The war doomed Polish political freedom, but did not stifle the Poles' fierce personal independence. A day will come, all Poles believe. Meanwhile, Poles add bright luster to history.

Composer Frederic Chopin was a Pole whose heart is buried in a pillar of Warsaw's Holy Cross Church. Joseph Conrad (nee Korzeniowski) is one of the greatest novelists in English. Physicist Zigmund Wrobelwski was the first to liquefy oxygen. A Pole, Kasimierz Fund, was the first to isolate those mystery elements, vitamins.

Marie Sklodowska (Madame Curie), working with her French husband, discovered radium and polonium. Her daughter, Irene Curie, won a Nobel prize in physics. Ignace Paderewski, famed pianist and statesman, induced Wilson to insist on a free Poland after World War I.

Polish literature dates back to the 10th Century and includes the Nobel prize-winning "Quo Vadis" by Henry Sienkiewicz. Poland gave us the oldest known Christian hymn, "Bogurodzica" (Mother of God).

Nikolay Kopernik (Copernicus) evolved the theory that the earth revolved around the sun (and not vice versa as all the brains then thought). And among the thousands of great Poles, let us not forget Karol Wojtyla, now Pope John Paul II. On Pulaski Day we may well hail all those great Poles, dead and living, who gave the world so much"; now, therefore,

Be It Resolved, By the Mayor of the City of Chicago and the Members of the City Council, that October 11, 1979 be proclaimed as Pulaski Day in Chicago; and,

Be It Further Resolved, That the proclamation recognize the fact that this is the 200th anniversary of Pulaski's supreme sacrifice on the altar of American freedom; and,

Be It Further Resolved, That all the people of Chicago join in recognizing the enormous contribution that General Casimir Pulaski made to our freedom as Americans and to his native Poland; and,

Be It Further Resolved, That a suitable copy of this resolution be presented to the Copernicus Foundation to include in its research library about Poles in America.

SECTION 3. *Authorization and Prepayment of Bond.* That for the purpose of financing the cost of the Project there shall be and there is hereby authorized to be issued by the Issuer its $1,000,000 Industrial Revenue Bond (Katalco Corporation Project), in the aggregate principal amount of $1,000,000, dated the date of issuance thereof, and payable to the order of the Bank on July 1, in each of the years and in the principal amounts set forth in the table below:

Year	*Principal Amount*
1982	$125,000
1983	125,000
1984	125,000
1985	125,000
1986	125,000
1987	125,000
1988	250,000.

The Bond shall bear interest (computed on the basis of a 360-day year of twelve 30-day months) from the date thereof until maturity on the principal amount from time to time remaining unpaid at a rate per annum equal to six and one-half percent (6.5%).

Interest on the Bond will be payable on January 1, 1980 and on each succeeding July 1, and January 1 thereafter until the principal amount thereof is paid.

The Bond shall bear interest on any overdue principal to the maximum extent permitted by law at the rate of seven and one-half percent (7.5%) per annum at the maturity of such principal whether by acceleration or otherwise, for the period after such maturity until paid.

Whenever any payment to be made on the Bond shall otherwise be due on a day which is a Saturday, Sunday or a legal holiday or a day on which national banking institutions are authorized by law to close, such payment shall be made on the next succeeding business day not a Saturday, Sunday or legal holiday or day on which national banking institutions are authorized by law to close ("business day").

The principal installments of the Bond are subject to prepayment in whole or in part, and if in part in the inverse order of principal installments thereof, upon written notice given by the Company on behalf of the Issuer as set forth in the next succeeding paragraph of this Section at any time and from time to time after July 1, 1982, at a prepayment price of par plus accrued interest to the prepayment date, without premium.

Upon receipt by the Fiscal Agent of at least fifteen business days' prior written notice specifying a date for the prepayment of the principal of the Bond (or any portion thereof), the Fiscal Agent shall, to the extent that amounts are or become available therefor in the Bond Fund, prepay principal, together with accrued interest on the portion prepaid, on the Bond in accordance with the preceding paragraph provided, however, that no partial prepayment of less than $50,000 shall be permitted. In addition, if other funds in an amount in excess of $50,000 shall become available in the Bond Fund, and are not otherwise required to be applied to the payment of the Bond, the Fiscal Agent shall, without notice from the Company or the Issuer, promptly, but in any event within fifteen business days from the receipt of such funds, apply such funds to the prepayment of the Bond at the prepayment price set forth above, and shall give notice to the Company of such prepayment. All principal installments of the Bond or portion thereof designated for prepayment will cease to bear interest on the specified prepayment date, provided funds for their prepayment are on deposit at the place of payment at that time.

Fiscal Agent shall note on the Payment Record attached to the Bond the date and amount of payment of each principal installment or prepayment of principal then being paid, provided, that, as long as the Bank shall be the sole holder of the Bond, it may make the notations of principal on the Payment Record and agrees to do so, in consideration of which the Fiscal Agent waives any requirement that the Bond be presented to it for payment or notation thereon except at final maturity or in the event of a transfer. The Fiscal Agent shall also notify the Issuer at least annually and upon payment in full of the principal of the Bond of each payment (whether at maturity or upon prepayment or acceleration) of principal of the Bond, such notification to include a statement as to the principal balance thereof then remaining outstanding.

The Bond shall be executed by the manual or facsimile signature of the Mayor and attested by the manual signature of the City Clerk of the Issuer and countersigned by the manual or facsimile signature of the City Comptroller and the corporate seal of the Issuer shall be affixed thereto or imprinted thereon.

The Bond when so exchanged shall be cancelled by the Fiscal Agent.

The negotiable coupon Bonds shall be payable to bearer, provided, however, that such Bonds may be registered as to principal only in the name of the holder thereof on the books of the Fiscal Agent at which time such registration shall be noted on the Bonds by the Fiscal Agent and thereafter the principal of such Bonds shall be payable only to the registered holder, his legal representatives or assigns. Such registered Bond shall be transferable to another registered holder or back to bearer only upon presentation to the Fiscal Agent with a legal assignment duly acknowledged or approved. Registration of any such Bond shall not affect the negotiability of the coupons thereto attached but such coupons shall be transferable by delivery merely.

The Bond and the obligation to pay interest thereon shall be limited obligations of the Issuer payable solely from revenues and receipts derived by the Issuer pursuant to the Agreement (except to the extent they may be paid out of moneys attributable to Bond proceeds or any income from the temporary investment thereof) and shall be valid claims of the holders thereof only against the Bond Fund and other moneys held by the Fiscal Agent pursuant to this Ordinance and the revenues and receipts derived from the Agreement, which revenues and receipts shall be used for no other purpose than to pay the principal of and interest on the Bond, except as may be otherwise expressly authorized in this Ordinance. The Bond and the obligation to pay interest thereon do not now and shall never constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision of either thereof, or a charge against the general taxing powers of either thereof, within the meaning of any constitutional or statutory provision of the State of Illinois, but shall be payable solely from the revenues and receipts derived by the Issuer pursuant to the Agreement.

The Committee on Finance submitted the following report, which was, on motion of Alderman Frost and Alderman Roti, *Deferred* and ordered published:

CHICAGO, November 13, 1979.

To the President and Members of the City Council:

Your Committee on Finance to which was referred from Alderman Oberman a proposed Ordinance authorizing the Acceptance of a Grant of Easement for facade preservation on a building located at 39-41

East Schiller Street in the Astor Street Landmark District having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the committee.

Respectfully submitted,
(Signed) WILSON FROST,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Be It Ordained by the City Council of the City of Chicago:

Section 1. That the Mayor of the City of Chicago is authorized to accept on behalf of the City of Chicago, and the City Clerk is authorized to attest to such acceptance, subject to approval of the Corporation Counsel as to form, grant of interest in property in the nature of a preservation or facade easement for property located at No. 39 and No. 41 East Schiller Street. The grant of easement shall be in substantially the following form:

Grant of Easement made as of the .... day of ....., 1979, by Bank of Ravenswood, a corporation in Illinois, as Trustee under Trust Agreement dated December 26, 1974, and known as Trust No. 1247 ("Grantor").

WITNESSETH:

Whereas, The City Council of the City of Chicago has enacted an ordinance providing for the preservation, protection, enhancement and perpetuation of the districts and buildings which constitute historical or architectural landmarks;

Whereas, Pursuant to said ordinance, the City Council of the City of Chicago has designated the area known as Astor Street as a protected landmark district;

Whereas, Grantor is the record owner of the two adjoining parcels of property (collectively the "Property") and commonly known as No. 39 E. Schiller Street, Chicago, Illinois, and legally described as follows:

The east 73.9 feet of the west 100.0 feet of Lot 35 in Astor's Addition to Chicago in the North Fractional Quarter of Section 3, Township 39 North, Range 14 East of the Third Principal Meridian (except that part of the west 11.4 feet thereof lying below an inclined plane having an elevation of 32.85 feet at the west boundary of said west 11.40 feet and descending in an even slope to an elevation of 28 85 feet on the east boundary of said west 11.40 feet being in relation to Chicago City Datum) in Cook County, Illinois,

and No. 41 East Schiller Street, Chicago, Illinois, legally described as follows:

The east 25.0 feet of the west 125.0 feet of Lot 35 in Astor's Addition to Chicago in the North Fractional Quarter of Section 3, Township 39 North, Range 14 East of the Third Principal Meridian, in Cook County, Illinois.

Whereas, The Property is located within said Astor Street district;

Whereas, Astor Binderton Limited Partnership, an Illinois limited partnership ("Grantee") is the sole beneficiary of Grantor and has a principal interest in the development of the Property;

Whereas, Grantor, Grantee and the City of Chicago desire to preserve the historical, aesthetic, cultural and visual character of the district and to preserve the contribution the Property makes to said district;

Whereas, Grantor and Grantee desire to use the Property in a manner compatible and consistent with the Astor Street district, and in doing so, Grantor and Grantee agree to surrender their right to develop the Property to the fullest extent possible under the existing laws and ordinances;

Whereas, On or about the date hereof, Grantee shall convey to the City of Chicago a Grant of Easement in all major respects identical to the Grant of Easement which is contained herein;

Whereas, The gift and grant of the easement as described herein and in the easement from the Grantee to the City of Chicago will limit the fullest possible development of the Property, will act to preserve and enhance the future usage of the Property within the Astor Street district, and will help to ensure that surrounding parcels within the Astor Street district will have a sufficient supply of air and light;

Whereas, The gift and grant of said easements will limit and diminish the Grantor's and Grantee's estate in the Property and will prevent such future development on the part of Grantor and Grantee as would otherwise maximize Grantor's and Grantee's economic utilization of the Property; and

Whereas, Grantor and Grantee by these gifts and grants seek to limit their estate in the Property in such a way that future development will be consistent and compatible with the uses and visual character of the Astor Street district.

Now, Therefore, in consideration of the foregoing, Grantor hereby covenants as follows:

1. Grantor hereby grants, conveys, and transfers to Grantee, its successors and assigns, a restrictive easement, for the purpose set forth in Paragraph 2, in all that certain part of the Property described in Exhibit "A" attached hereto and made a part hereof (the "Easement Parcel").

2. Grantor, its successors and assigns, shall not construct or make any alterations, additions or improvements, or cause any of same to be done, in any part of the Easement Parcel. However, Grantor reserves in itself, its successors and assigns the right to install a television antenna provided such antenna does not unreasonably extend into the Easement Parcel.

3. Grantor, its successors and assigns, further covenant not to alter, add to, reconstruct or demolish any improvement upon the Property without obtaining all necessary permits and approvals under the applicable laws and ordinances in effect at such time. Grantor further covenants and represents that it will not materially or substantially alter or change the facade of the building commonly known as 41 East Schiller Street, Chicago, Illinois, and lying below Parcel 3 of the Easement Parcel, without first obtaining the consent and approval thereto of the Commission of Chicago Historical Architectural Landmarks and that it will maintain said facade in at least as good condition as is its present condition.

4. The easement and rights hereby created shall be perpetual in duration. Said easement is in gross, is assignable, and runs with the land as an incorporeal property interest in the property enforceable by Grantee with respect to the Property and the Easement Parcel and against the Grantor and all of Grantor's successors and assigns. This Grant shall also be appurtenant to and shall benefit the publicly owned streets, alleys, and other public rights of way adjacent to the Property.

5. Every person accepting a deed to or other interest with respect to the Property shall be deemed to accept said deed or other interest with the understanding that he is also bound by the provisions herein contained, and every person by acceptance of such deed or other interest shall thereby consent and agree to be bound by the covenants herein contained to the same extent as though he has signed this Grant.

6. Upon any breach of the terms of this Grant by Grantor, or its sucessors in interest, Grantee shall have the right to order the removal of all alterations, additions, or improvements upon the Easement Parcel. In addition to, but not in limitation or derogation of the foregoing, Grantee may enjoin any breach or enforce any covenant of this Grant by means of an injunction. All rights and remedies of Grantee shall be cumulative and shall be in addition to any other rights and remedies available to Grantee, at law or in equity. All provisions of this Grant shall be enforceable by Grantee without the necessity of Grantee's showing any financial or pecuniary harm to itself or to the public, it being acknowledged by Grantor that a breach of this Grant might possibly adversely affect the Astor Street district.

7. Any failure by Grantee to enforce any provision of this Grant shall not be deemed a waiver of that provision or of any other provision of this Grant.

8. Grantee may terminate this Grant by recording a release in recordable form with directions for delivery of same to Grantor at its last known address, whereupon all rights, duties and liabilities hereby created shall terminate. At the option of Grantee, such instrument may run to "the owner or owners and parties in interest" in the Property.

9. This Grant is executed by Grantor not personally, but solely as Trustee as aforesaid, in the exercise of the power and authority conferred upon and vested in it as Trustee. All the terms, provisions, stipulations, covenants and conditions to be performed by Grantor are undertaken by it solely as Trustee, as aforesaid, and not individually. All statements herein made are made on information and belief and are to be construed accordingly, and no personal liability shall be enforceable against Grantor by reason of any of the terms, provisions, stipulations, covenants and/or statements contained in this Grant.
